THE BEST IS YET TO COME

VOLUME VII

PIKE COUNTY, OHIO, WEDNESDAY, MAY 18, 1960

NUMBER 16

Has Annual Wage Reopener Clause

OCAW Members Ratify New 3-Year Contract

Members of the Oil, Chemical, and Atomic Workers International Union, AFL-CIO and its affiliated Local 10-689 ratified a new three-year Contract with the Company on May 10, 1960. The membership of the bargaining unit approximates twelve-hundred employees. At the ratification meeting seven-hundred and thirty-six members voted—469 to 267 for accepting the new Contract which will expire May 2, 1963. An annual wage reopener clause is included in the new Contract. The old Contract expired April 30, 1960.

Negotiations between the Company and the Union began March 18. Upon conclusion of the fifth session April 7, the parties agreed to move their meeting place from plantsite to Huntington, West Virginia. The first meeting off plantsite was held on April 11, with a representative from the Federal Mediation and Conciliation Service joining the discussions at that time.

On April 29, negotiations were stopped and at a called meeting, the Union's Negotiating Team recommended a strike vote to the membership. The membership turned down this recommendation and agreed to a stipulation to continue the Contract on a day-to-day basis with the provision that either Party could cancel upon a 48-hour notification.

Negotiations were resumed in Columbus, Ohio, with George Bell, Federal Mediation and Conciliation Service, present for the discussions. The Negotiating Teams came to an understanding on a new Contract May 8, 1960. The understanding was subject to ratification by the Union membership and the approval of the Atomic Energy Commission.

In addition to the 3-year Contract and the annual wage reopener, other significant changes in the Contract are: increases pay for holidays worked from double time to 2½ times; provides an increase in shift differential on afternoon and night shifts; provides for a 9 cents across-the-

board wage increase effective May 2, 1960; changes seniority provisions to give increased recognition to seniority; allows leaves of absence for employees elected or appointed to local, state, or federal positions; reduces length of service required to obtain three weeks vacation to ten years; adds \$1,300,000 additional coverage to the Company-paid Life Insurance Program; the Company-paid Accident and Health weekly benefit program is to be maintained; hospital and surgical benefits will be expanded on October 1, 1960, to include a specified out-patient service; a major Medical Insurance program will be made available on October 1, 1960; the cost of the increased Hospital-Surgical and Major Medical programs will be shared equally by the Company and participating employees; and the Company-paid pension program has been broadened.

Representing the Union were W. R. Murphy, Jr., president; J. F. Wettstein, vice-president; V. Beasley, committeeman; J. H. Sauson, committeeman; C. C. Day, committeeman; and Wesley Vanover, Jr., International Representative.

Representing the Company were D. W. Doner, manager, industrial relations division; W. A. Brown, manager, plant engineering and maintenance division; C. L. Jenkins, manager, purchasing and materials division; L. E. Fuller, superintendent, personnel services subdivision; C. A. Mentges, superintendent, cascade operations subdivision; and A. L. Sutton, labor relations coordinator.

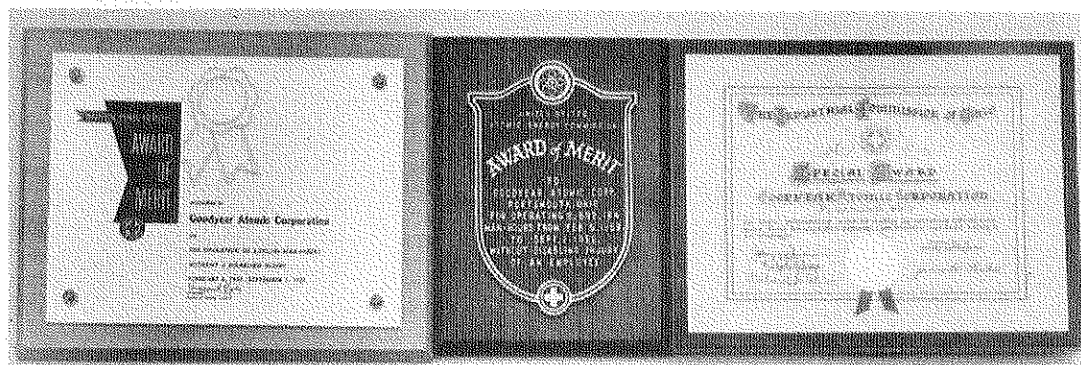

How They Finished

Nancy Bradford, Anne Marie Sommer, and Sharon Coryell finished seventh, eleventh, and nineteenth respectively in The Portsmouth Times' 12th Annual District Spelling Bee held in Portsmouth High School April 30.

Nancy, from Minford School, is the daughter of Fred Bradford, process area 6. Anne Marie represented Holy Redeemer School and is the daughter of Ralph Sommer, time-keeping & payroll department. Sharon represented McKinley Junior High School and is the daughter of Max Coryell, plant shift superintendent.

LAST CALL

Employees are reminded that May 28 is the deadline for submitting a picture of a son or daughter graduating from high school.

CONGRATULATIONS AND KEEP UP THE GOOD WORK. Pictured at top are the Safety Plaques presented to Goodyear Atomic Corporation at the Annual Safety Awards Banquet in Portsmouth earlier this month. In the lower photograph is James Fluker, (left), Superintendent, Industrial Commission of Ohio, presenting the Awards to G. H. Reynolds, (right), Deputy General Manager, Goodyear Atomic Corporation. In the center is Lucien Thacker, District Safety Advisor, Industrial Commission of Ohio. The employees of GAT earned the Awards for working 2,592,184 man-hours from February 5, 1959, to September 1, 1959, without disabling injury.

Go For 5,000,000 GAT Recognized For Recent Safety Accomplishments

Goodyear Atomic Corporation was among three organizations in the area receiving special awards at the Thirteenth Annual Safety Awards Banquet Tuesday, May 3, 1960, in Portsmouth. The Awards Banquet is sponsored annually by the Portsmouth Area Chamber of Commerce in cooperation with the Industrial Commission of Ohio. Awards were made to 24 firms which had no accidents, to 17 group winners, and to 8 for achievements.

Goodyear Atomic received awards from the Atomic Energy Commission, the National Safety Council, and the Industrial Commission of Ohio for working 2,592,184 man-hours from February 3, to September 1, 1959, without a lost-time accident. G. H. Reynolds, deputy general manager, accepted the awards for Goodyear Atomic in the absence of D. H. Francis, general manager.

As of midnight May 9, 1960, GAT reached the 3-million man-hour figure without a lost-time accident. Before certification of safety records can be made, there must be a twenty-day waiting period after the last disabling injury.

Proof of the value of a concerted safety program is being demonstrated by the employees of Goodyear Atomic Corporation. The last time GAT had 3-million man-hours without disabling injury was September 27, 1957. The injury free period continued until a record man-hour figure of 4,607,800 on January 15, 1958.

Employees now have an opportunity in this calendar year to establish a new safety record. The 5-million man-hour figure can be reached in 1960.

To quote Dr. C. R. Milene, man-

(Continued on page 2)

First Quarter Sales Highest In History

The highest sales for any first quarter in the company's history and a slight increase in earnings were achieved by Goodyear in the first quarter of 1960.

This statement was made by E. J. Thomas, chairman of the board, following a meeting of the Board of Directors earlier this month.

Consolidated net sales for the first quarter of 1960 set a record \$403,416,313, an increase of 8.9 percent, compared with sales of \$370,572,209 in the first quarter of 1959.

Estimated net income for the first quarter this year rose to \$17,025,567 compared with \$16,996,790, a slight gain of 0.2 percent.

The first quarter earnings this year were equal to 51 cents a share on the 33,178,681 shares outstanding on March 31 compared with the 1959 first quarter of 51 cents per share,

this figure being adjusted for the three-for-one stock split authorized by the Board of Directors last November 4.

ONE HUNDRED MILLION AMERICAN BOOKS PUBLISHED IN RUSSIA

About 100 million copies of American books have been published by the Soviet Union. Jack London's works, among the most popular, have appeared in 56 editions totaling nearly six million copies in the past five years, while an 8-volume edition of his works was published three years ago. O. Henry's stories have appeared in 122 editions (four million copies), and Mark Twain's works in 250 editions (11 million copies) and 25 languages. A third volume of a 12-volume Twain edition is due shortly. A two-volume edition of Hemingway has just been published in 300,000 copies.

Returns To Zoo Park, Columbus, June 11

Plans Being Made For Seventh Annual Goodyear Atomic Picnic

Goodyear Atomic Corporation's Seventh Annual Picnic has been scheduled for Saturday, June 11, 1960. The location will be the same as last year. Zoo Park, Columbus, Ohio. The Park is located approximately 15 miles northwest of Columbus on State Route 257.

The Picnic Committee held their initial planning meeting on May 9. Plans were discussed to make this year's event the "biggest and best ever". Last year it was estimated that approximately 8,000 people attended and the same number is being predicted for this year.

This year's Committee is made up of R. F. Jones, recreation department, general chairman; D. E. Schumacher, purchasing department, procurement; F. D. Hyland, community relations department, publicity; D. J. Landstrom, reproduction department, photography; G. H. Reynolds, production division, grand drawing; H. N. Stone, instrument maintenance department, co-committeeman; D. Connery, plant engineering, games & contests; S. Murray, police department, co-committeeman; M. T. Trowbridge, reproduction department, identification & tickets; R. L. Schneider, mail and document accounting department, information; J. O. Sellars, electrical maintenance department, co-committeeman; L. T. Oyler, safety department, safety; R. H. Seaman, police department, traffic; H. B. Lehman, M. D., medical department, first aid; and the operating committee will serve as an advisory group.

Each employee will receive a drawing ticket which entitles him or her to one of the fifteen prizes available. To be eligible for a prize an employee must be at the Picnic or working at the plant the 12-8, 8-4, or 4-12 shifts on June 11, 1960. An employee who "rolls out" on this date must be at the Picnic to be eligible. Employees on vacation must attend the Picnic to be eligible to win a prize.

In addition to the drawing ticket everyone attending will have two refreshment tickets good for a soft drink, custard cream, cotton candy, snow cones, or popcorn.

The Picnic Committee suggests to employees with large families that they make arrangements in advance for their family to visit the Zoo. A family membership may be purchased for \$1.00. Tickets purchased at the Zoo cost 35 cents each. The family membership entitles the family to six visits to the Zoo. A family membership is interpreted to mean two adults and all children under 12 years of age. Employees wishing to take advantage of the family rate may obtain a membership ticket at the recreation office, 2nd floor, X-100 building.

Zoo Park has many amusement rides. The Columbus Zoo is across the street from the Park. The Zoo can be reached by an underground pass so that the children won't have to cross the street.

Make plans now to attend this Picnic. Picnic hours will be from 11 a. m. until 4 p. m.

1960 PICNIC COMMITTEE. The employees pictured above are making plans for the Annual Company Picnic to be held June 11, at Zoo Park, Columbus, Ohio. First row from left: H. N. Stone, instrument maintenance department; L. T. Oyler, safety department; and M. T. Trowbridge, reproduction department. Second row left to right: J. O. Sellars, electrical maintenance department; H. B. Lehman, M. D., medical department; R. F.

Jones, recreation department, general chairman; R. H. Seaman, police department; and D. Connery, plant engineering. Last row from left: R. L. Schneider, mail, file, and documents department; D. E. Schumacher, purchasing department; D. J. Landstrom, reproduction department; J. R. Arndt, production division; and F. D. Hyland, community relations department.

NATIONAL FAMILY WEEK ESSAY WINNER. Pamela Wolfe is presented a Bible by Aronhold Schapiro (left), co-chairman of the Family Life Education Committee, in recognition of an award winning essay on "What My Family Means To Me." In the background are her parents, Mr. and Mrs. Carl Wolfe. Mr. Wolfe is in the janitor services department.

Employees receiving five-year pins between May 15, and June 1, are as follows:

- G. M. Barney
- R. B. Zoellner
- J. M. Thom
- J. O. Goans
- F. W. Carrier
- B. E. Williams

SILVER COMPASS CLUB

The monthly business meeting of the Silver Compass Club will be held in the Waverly Masonic Temple May 20, 1960, 7:30 p. m.

Slides of the George Washington National Masonic Memorial will be shown.

Employee's Daughter Wins Essay Contest

Pamela Wolfe, daughter of Carl Wolfe, janitor services department, is the winner of the Scioto County Family & Children's Service annual "National Family Week" essay contest.

"What My Family Means To Me" was the essay contest theme, and her winning essay was among one hundred and thirty-five submitted for judging. Pamela attends Highland Elementary School in Portsmouth. She was the first-place winner in the girls division of the contest.

The essay or letter-writing contest was a feature of local observance of

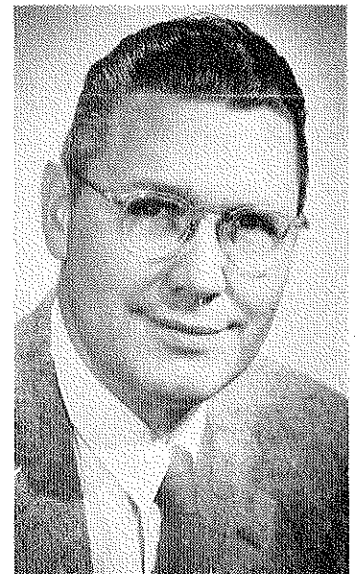

SAFETY AWARDS

(Continued from page 1)

ager, technical division: "Safety is the recognition of things that don't happen. It is difficult to visualize the meaning and importance of a safety program. Safety demands the best possible thought on the part of all of us. Safety isn't a coincidence. We cannot accept that safety just happens."

There are many benefits in striving for an accident-free plant. Accident-free work means freedom from the suffering that accompanies injury; accident-free work means freedom of financial worries; and accident-free work means employees are not hindered in their recreational pursuits. It also means freedom from health worries on the part of the employee's family.

One of the greatest accomplishments that can come to the employees of this plant for 1960 is an accident-free plant. Let's all work toward that end.

Oyler Elected To State Credit Union

The Ohio Central Credit Union League held annual meetings in Cleveland, Ohio, last month. The Atomic Employees Credit Union was represented by the Officers, Board of Directors, and various committee members.

L. T. Oyler, Credit Union Treasurer, was elected to the Board of Directors of the Ohio Central Credit Union. The OCCU gives guidance to Credit Unions throughout the state. Total assets of this group is almost five million dollars.

The Ohio Credit Union League represents almost twelve hundred Credit Unions operating in Ohio. Over ninety percent of all the Credit Unions in Ohio are members of this League.

YOU Are The One Responsible

By virtue of the many areas in which Goodyear Atomic employees are residents, car-pools are important in the everyday life of each of us.

Many GAT employees are participating in the voluntary Vehicle Safety-Check being promoted in the area by various civic and service organizations. The Company urges employees to take advantage of this free and voluntary Safety-Check which covers the ten major items of a vehicle affecting safe driving conditions. The items safety-checked are: brakes, front and rear lights, steering, tires, exhaust system, glass, windshield wipers, rear view mirror and horn.

One out of every five vehicles checked in the nationwide Safety-Check in 1959 needed immediate attention to one or more of the ten items to assure safe driving conditions.

We are all confident in our belief that we are skilled, careful, and safe drivers. We believe that we are capable of taking care of ourselves if the other driver will do what he should do and stay where he belongs. We say — "If the legislature would just pass a law," "If the police would just enforce the laws," "If the highway department would just fix the roads," "If—," "If—," "If—," but always looking to someone else to correct the situation. Unfortunately, each driver thinks the same about his driving, and he, too, is looking to someone else to solve the problem.

But as long as each of us looks to someone else to do the job, it will never be done.

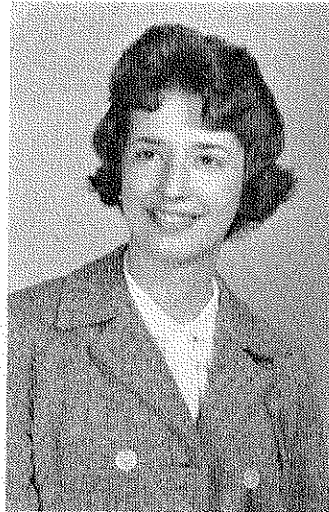

IT'S UP TO YOU!

ON OUR WAY UP. The employees of Goodyear Atomic Corporation have now worked over 3-million man-hours without a disabling injury. This angle photograph of the plant safety bulletin board shows the safety light at the top. It is the responsibility of all of us to keep it there and assist in establishing a new safety record. **ACCIDENT PREVENTION NEEDS EVERYONE'S ATTENTION.**

Carla Massie New Link Girl

Carla Massie is the new sophomore Link Girl for Portsmouth High School Senior Honor Society. Carla

Carla Massie

is the daughter of Carl Massie, standard practice department.

This honor gives recognition to the top all-around girl student in the sophomore class. Only one girl is selected outside the junior class. As Link Girl she will assist in guiding the junior girls in the ways of Senior Honor.

First requirement to qualify for Senior Honor is a 3.0 scholastic average or B. Among other requirements to qualify are character, leadership, and service to the school. The selection is made regardless of race, color, or creed.

Portsmouth High School has approximately four-hundred girls enrolled. This year fifteen girls from the junior class were selected for Senior Honor.

Ruth McQuay Gets State Honor

Ruth McQuay, daughter of R. M. McQuay, process engineering department, received the State Homemakers

Ruth McQuay

Degree at the Annual State Future Homemakers of America Convention last month in Columbus, Ohio. The

THE NEW LOOK. This is what the selection of service pins look like. From left: man's tie bar; the traditional pin; woman's charm bracelet; and man's tie chain. The program became effective May 1, 1960.

New Service Emblem Award Program Now In Effect For GAT Employees

A new service emblem award program has been put into effect for employees of Goodyear. Employees now have the choice of a tie bar, tie

chain, charm bracelet, or the traditional lapel pin. The new program went into effect as of May 1, 1960. Employees who observe their anniversary after this date will receive, in place of the traditional service pin, a tie bar for men or charm bracelet for women. Each jewelry item incorporates the present emblem.

Craig Brant To Attend Buckeye Boys' State

The son of a Goodyear Atomic employee has been selected as a representative of his school and community to Buckeye Boys' State at Ohio University, Athens, Ohio. He is Craig Brant, son of Joe Brant, engineering costs and property records department.

The program runs for one week, June 9 to June 18. Boys' State is designed to give each individual a sense of his personal role and obligation in the Community, State, and Nation and to inspire active citizenship through an accurate knowledge of the practical mechanics of government — of what it is composed, how it is organized, and how laws are conceived, adopted, and placed in operation.

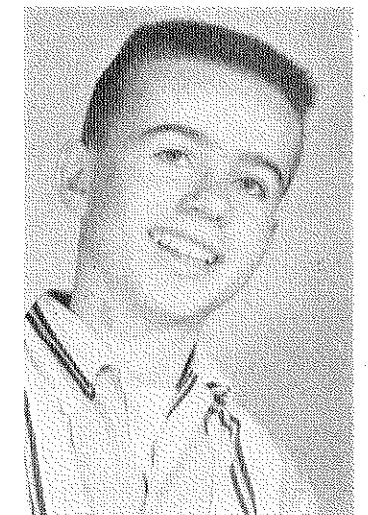

A junior at Portsmouth High School, Craig is being sponsored by the James Dickey Post of the American Legion in Portsmouth. Members of the Buckeye Boys' State learn that government is a specialized business. It is a school of government by means of practical application. As citizens of Boys' State, members are expected to play a definite part in it. The boys are elected to one of the many city, county, legislative, judicial or state offices or appointed to some administrative position.

Craig is a member of the National Honor Society. He is a pitcher-outfielder of this year's Portsmouth High School Baseball Team. During his freshman and sophomore years he was a member of the school's scholarship team. He was a member of the junior play cast this year. Last March he was sponsored by the Portsmouth

The method of presenting the awards has not been changed. Employees who prefer pins or tie chains have the privilege of making an exchange. Exchanges are to be made in the employment department as soon as possible following presentation of the emblem.

Service emblems are presented to employees after five years with the company and on every succeeding five-year period.

It is believed that the company's decision to establish this new program will enhance the value of service emblem awards in two respects: it will entitle the employee to a prerogative of choice and it will provide the employee, as a symbol of service, an item he likes to wear.

Craig Brant

Rotary Club to the World Affairs Institute in Cincinnati, Ohio.

Degree is the highest awarded by the Future Homemakers.

Ruth is a senior at Wheelersburg High School and a member of the Wheelersburg Chapter of Future Homemakers of America, the only chapter in Scioto County.

To qualify for the State Degree a candidate must have passed the knowledge requirements of FHA; individual growth; be a member of a home; a member of an FHA chap-

ter; a member of a school; and an active member of a community. Following the satisfactory fulfillments of these requirements the candidate is interviewed by a State Board of Advisors. The requirements are fulfilled over a three year period.

Ruth was one of two-hundred girls throughout the State to receive the State Degree. She is one of three girls to be awarded this high honor from Scioto County.

Company Golf Committee Outlines Activities For The 1960 Season

The GAT Golf Committee has scheduled the following golf events for the 1960 season:

June 18—Mixed Outing	Waverly Skyline Golf Course
July 9—Company Playday	Portsmouth Elks Course, Waverly Skyline Golf Course, and Chillicothe J-C Course
August 6—Golf Outing	Ohio State University Course
September 10—1st Round Flight Championship Tournament	Chillicothe J-C Course
September 17—Company Playday and Tournament	Portsmouth Elks Course

The Mixed Outing will be a handicap affair and reservations must be made at the recreation department no later than June 14. The Outing will begin at 5 p. m.

The first Company playday will be held simultaneously at the Portsmouth Elks, Waverly Skyline and Chillicothe J-C Courses. Golfers may select any course they desire but individuals or foursomes are asked to register in the recreation department designating which course they will play. Tee-off time will be 8 a. m. to 10:30 a. m.

Green fees and starting times for the golf outing at the Ohio State University Golf Course will be announced later. Golfers interested in participating in this outing should submit their names or foursomes to the recreation department no later than August 3.

On Saturday, September 17, the Company-wide flight tournaments will be held at the Portsmouth Elks Country Club. Golfers will be notified of tee-off times and their respective flights. Flights will be based on handicaps. Those eligible for this tournament will be GAT male employees having established handicaps on the following basis:

Handicaps will be based on the average of each player's four lowest scores in league play less par, and multiplied by 0.8.

Substitute league scores and 1960 playday scores will be used for those who do not participate in regular league play. Employees wishing to participate in the Company tournament must have recorded at least 4 nine-hole scores to be eligible. Scores on record as of August 28, 1960, will be used by the GAT Golf Committee to compute the handicaps.

Play in the championship and first flight must consist of 36 holes. Eighteen holes will be played at the Chillicothe J-C Golf Course on September 10, and the second 18 holes at the Portsmouth Elks Country Club on September 17. Flights other than the championship and the first flight will play 18 holes at the Elks Country Club September 17.

Any player may participate in the championship flight; however, he must declare his intentions before playing and will be ineligible for any other flight tournament.

Trophies will be awarded at the Annual Banquet of Champions to the Company Champion, runner-up, and to each champion of the other flights.

All flight tournaments will be played under the 1960 USGA rules with the exception that "preferred lies" or so-called winter rules will be allowed.

Members of the GAT Golf Committee are: Paul Smith, chairman, reproduction department; V. J. DeVito, SS engineering department; B. L. Ulrich, purchasing department; H. H. Ruel, operations analysis department; and P. E. Forsyth, computing department. R. F. Jones, recreation department, is an advisory member.

R. M. Zeek New Lieut. Colonel

R. M. Zeek, supervisor, X-326 building, has been promoted to Lieutenant Colonel in the United States Army Reserve.

Zeek's military service dates to September 3, 1942. He received his commission as Second Lieutenant, March 31, 1943, in the Corps of Engineers. On January 2, 1946, he received his Reserve Commission as a Captain.

While on active duty he served with the 157th Engineer Combat Battalion. Following World War II he was assigned to the 171st Engineer Battalion as Company Commander.

His Army Reserve duty has been with the 960th Engineer Depot Battalion located at Columbus General Depot while living in that area. Since joining Goodyear Atomic Corporation he has been a member of the 2078th U. S. Army Reserve School

Lt. Col. R. M. Zeek

while completing the 5-year Command & General Staff Associate Course at Portsmouth. His present assignment is with the 2355th Logistical Command.

Other Goodyear Atomic employees active in the Army Reserve in

Mr. and Mrs. Dale Wickline, (decontamination department), son, Brenton Dale.

Mr. and Mrs. Arturo L. Cardenas, (special analysis department), daughter, Anna Marie.

Portsmouth are Major Carl Massie, standard practice department; Major M. V. Gill, police department; Captain Walter Weeks, cascade coordination; and Lieutenant Newton E. Short, mass spectrometry department. Colonel Roland E. Russell, Portsmouth Area Atomic Energy Commission, is also with the Portsmouth unit.

Zeek is married and the father of two children, Mary Ann, 13, and Robert, 11. The family reside on Cook Road, Lucasville.

DISTRICT SCIENCE FAIR

Waverly students gave a good account of themselves at the recent Science Fair held on the campus of Ohio University, Athens, Ohio. Several Goodyear Atomic sons and daughters placed in the ratings. Following is a list of those students:

Harold Edward Smoot, Waverly High School, Class 9, Rating Excellent, son of Harold R. Smoot, Department 712.

Patricia Ann Hortel, Waverly High School, Class 9, Rating Excellent, daughter of John Patrick Hortel, Department 732.

Evelyn Moxley, Waverly High School, Class 9, Rating Good, daughter of Charles William Moxley, Department 732.

Mike Owens, Waverly High School, Class 9, Rating Good, son of Richard D. Owens, Department 732.

William Samuel Niece, Waverly High School, Class 10, Rating Excellent, son of Fred E. Thomas, Department 711.

Roger Davis, Waverly High School, Class 10, Rating Excellent, son of George E. Davis, Department 711.

Richard Holthaus, Walnut Elementary, Class 7, Rating Superior, son of Richard A. Holthaus, Department 820.

Raymond Mangus, Walnut Elementary, Class 7, Rating Excellent, son of Raymond Mangus, Department 711.

Lois Geneva, Walnut Elementary, Class 7, Rating Excellent, son of Maurice Geneva, Department 820.

Shana Cramer, Walnut Elementary, Class 7, Rating Good, daughter of Richard Cramer, Department 761.

Suzanne Koons, East Elementary, Class 7, Rating Excellent, daughter of Kenneth Koons, Department 712.

Carla Hamilton, East Elementary, Class 7, Rating Excellent, daughter of Carl Hamilton, Department 724.

Marcia Thomas, East Elementary, Class 7, Rating Excellent, daughter of Fred Thomas, Department 711.

Margaret Scott, East Elementary, Class 7, Rating Excellent, daughter of Clyde Scott, Department 331.

Brenda Tulloh, East Elementary, Class 7, Rating Good, daughter of Max Tulloh, Department 731.

Gloria Kohut, East Elementary, Class 8, Rating Good, daughter of Stephen Kohut, Department 761.

Mark Owens, East Elementary, Class 8, Rating Good, son of Richard Owens, Department 732.

Jim Stewart, East Elementary, Class 8, Rating Excellent, son of Claude Stewart, Department 250.

Jack Doyle, East Elementary, Class 8, Rating Excellent, son of Vincent DeVito, Department 511.

Sandra Sargent, East Elementary, Class 7, Rating Good, daughter of George Sargent, Department 851.

BOWLING ROUNDUP

Portsmouth Thursday Night

The "Spare" won the league championship in a roll-off with the "Atoms" May 3. Bowling for the "Spare" were Ray Bush—569, Dave Goodland—435, Dave Goodman—505, Paul Milam—445, and George P. Kaut—491. The team won the first game by 67 pins, the second by 20, and lost the third by 40. The margin in total pins was 47 pins.

Chillicothe Women's League

Second half league winners are "Alley GATS" with Fran Brown, Lois Keyser, Jean Poor, and Dorothy Doner. This team won the season's championship beating the "Pin Busters" in a post-season roll-off. Members of the "Pin Busters" are Judy Coppock, Vesta Cornette, Peggy Humphries, and Kit Kauffman. High average bowler is Judy Coppock with 145. Most improved bowler is Lois Keyser with a plus 21.

Portsmouth Women's League

The "Wood Nymphs" were 1st half champions. The "Bowlerinos"

took 2nd half honors. In a roll-off between the two teams the "Bowlerinos" won the league championship by 6 pins. Members of this team are: Barbara Zoellner, Rhetha Massie, Blanche Derickson, Pat Allard, and Doris Jean Walters.

We Shall Return

The "Bloopers" of the Thursday night bowling league would like the league to know that they are publicly congratulating the "Spare" on winning the 1959-60 championship. Even though our four consecutive years of winning the league championship has been shattered the "Bloopers" will return next season determined to start another winning streak.
