THE BEST IS YET TO COME

VOLUME VII

PIKE COUNTY, OHIO, WEDNESDAY, JUNE 1, 1960

NUMBER 17

Review of Labor Relations

The United Plant Guard Workers of America, Local 66 and the Company reached an agreement on a new Labor Agreement May 23, 1960. The Union Membership ratified the Agreement unanimously on May 24, 1960.

The Union and the Company reached an understanding at the conclusion of three negotiating meetings held May 16, May 19, and agreed on the terms of the Contract May 23.

The main features of the new Contract are: establishes a 3-year Contract expiring on May 27, 1963, with annual wage reopener clause; increases pay for holidays worked from double time to 2½ times; provides an increase in shift differential on afternoon and night shifts and a 9 cents across-the-board wage increase effective May 25, 1960; changes seniority provisions to give increased recognition to seniority; allows leaves of absence for employees elected or appointed to local, state, or federal positions; reduces length of service required to obtain three weeks vacation to ten years; a major Medical Insurance program will be made available on October 1, 1960; the cost of the increased Hospital-Surgical and Major Medical Programs will be shared equally by the Company and participating employees; and the Company-paid pension program has been broadened.

The new Agreement, signed for the Union by: Rawland Rickey, President of Local 66; Roger Friece, Robert Brewer, William Bright, and Charles Lawson, International Representative. Signing for the Company were: D. W. Doner, Manager, Industrial Relations Division; A. L. Surron, Coordinator, Labor Relations; R. B. Boeye, Superintendent, Security; and Capt. R. F. Channel, Police Department.

Credit Union Votes 5½ Percent Dividend

The Board of Directors of the Atomic Employees Credit Union have voted to pay a 5½ percent dividend to all shareholders as of May 31, 1960.

This decision was made at the Board of Directors meeting last Tuesday, May 24. The dividend will be paid on money which has been deposited in the Credit Union one month or more.

Annual GAT Family Outing All-Set June 11; Tickets Issued; Games & Contests Outlined

Saturday, June 11, is the big day for the young boys and girls of GAT families. This is just another reminder that the Seventh Annual Goodyear Atomic Picnic will be held at Zoo Park, Columbus.

The Picnic Committee reports that

SERVICE PINS

Employees who have received service pins may arrange to purchase the alternate tie bar, tie chain, or bracelet emblems through the GAT employment department.

Employee's Daughter May Receive OCAW Scholarship Award

The daughter of a Goodyear Atomic employee is still among ten candidates in regional competition for the OCAW college scholarship awards. She is Gloria Thweatt, daughter of J. L. Thweatt, utilities maintenance department.

Competition for the OCAW college scholarship awards has been narrowed down from more than three-hundred applicants to 10 candidates in each of the three U. S. divisions and three candidates in Canada.

The thirty-three applicants for final selection reached this stage through scores on the College Entrance Examination Board's scholastic aptitude test. Winners will be judged on the basis of test scores and on reports from the school officials of the 33 finalists. The winners will be announced this month.

The OCAW Scholarship Fund provides a renewable four-year scholarship for one student in each of four geographical areas. The total award is worth \$2000 for each student provided he maintains a satisfactory scholastic standard a "B" average.

Final selection in each geographical district for the 1960 OCAW Scholarship award winners is made by a three-man committee of independent, qualified educators, none of whom may have any association with the Union.

Gloria is a member of the 1960 graduating class of Waverly High School. She is pictured among the GAT graduates on page two of this issue of the *Clan*.

She plans to enroll at Central Missouri State College, Warrensburg, Missouri.

all details have been worked out to better insure GAT families of a successful outing. The Committee would like to emphasize to all employees that the Park is not reserved for GAT only. However, the Park management will advertise in the Columbus area that the GAT Picnic will be held on this date. Past experience has indicated to them that this keeps outside attendance to a minimum.

Maurice Trowbridge, chairman of the identification and tickets committee, has indicated that admission and refreshment tickets have been distributed through division offices. Each person planning to attend the Picnic has been given one admission ticket plus two refreshment tickets.

The refreshment tickets are good for a soft drink, custard cream, cotton candy, snow cones, or popcorn. In addition each employee will be given a drawing ticket for one of the fifteen prizes which will be given out in the afternoon. The prizes include a Powermatic Toaster, Automatic Fry Pan, Electric Mixer, Electric Can Opener, Automatic Coffee Maker, Transistor Radio, Waffle Baker, Sleeping Bag, Roaster Oven, Pressure Cooker, Glider Settee, Pair of Aluminum Chairs, Ice Chest, Deep Fry Cooker, and a set of World Globes.

Employees required to work at the plant on June 11, between the hours of 12:01 a. m. and midnight, should sign the right side of the ticket, tear off and give it to the shift superintendent not later than 4:00 p. m. June 10. These tickets will be deposited in the drawing container at the picnic site prior to the drawing for the prizes.

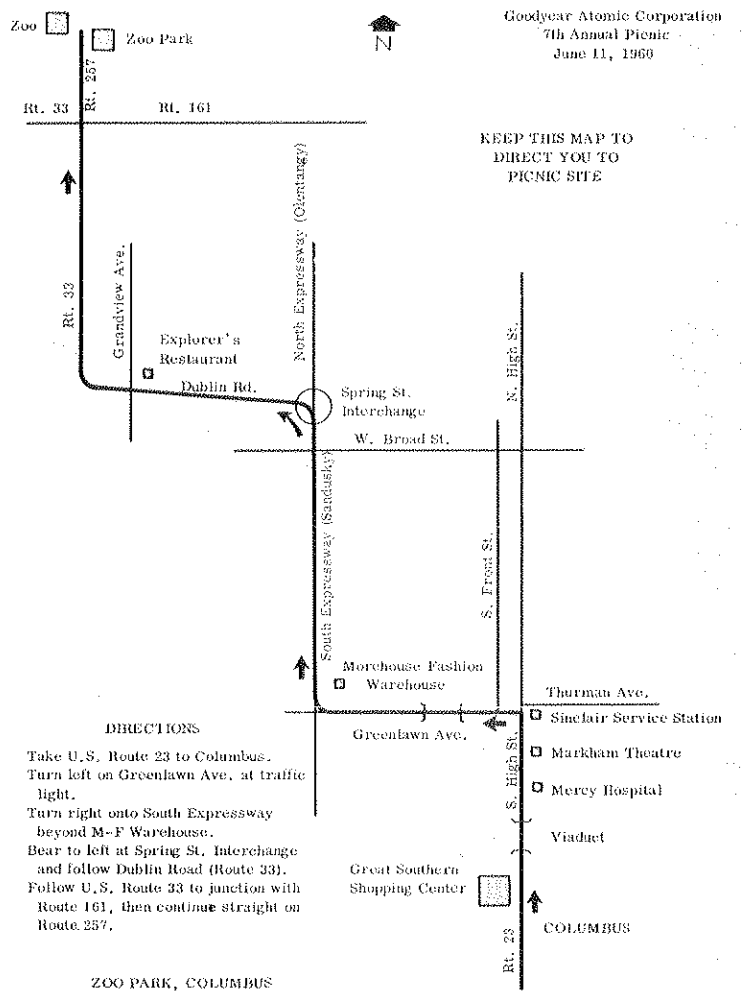

R. H. Seaman, chairman of the traffic committee, has traveled the route to Zoo Park indicated by the map on this page. This is a "straight-line" route to the Park and eliminates congested areas while traveling to the Picnic.

All rides at the Park will be free. One additional ride has been added to the Park this year which should add to the enjoyment of the youngsters.

Recreational and athletic events will be under the supervision of co-committeemen Dave Connery and Sam Murray. The events are listed on Page four.

Last year's attendance was estimated at 8000. Those attending enjoyed themselves. Plan now to attend this year's picnic on June 11. The picnic hours will be 11 a. m. until 4 p. m.

HOW TO GET TO THE PICNIC

Scholarships Made Available By GT&R

Many schools of higher learning will participate in a comprehensive aid to education program during the academic year 1960-61. It provides \$1,000 scholarships to selected institutions of higher learning. The scholarships carry with them unrestricted direct grants-in-aid amounting to \$125,000.

The education program is sponsored by Goodyear Foundation Inc., a non-profit foundation supported by The Goodyear Tire & Rubber Company.

The Foundation's program of financial assistance to college and universities was established in 1957 and has been broadened to include maximum benefits to participating schools and students.

Besides the scholarships with accompanying grants, the program also provides direct grants to many foundations of independent colleges.

In addition, fellowships in four fields are established, with accompanying grants-in-aid. They are rubber chemistry, University of Akron; industrial economics and aeronauti-

cal engineering, Massachusetts Institute of Technology; and advanced highway engineering, International Road Educational Foundation.

A Goodyear International fellowship is also offered. It pays all expenses for one academic year of study in the United States to a student from a foreign country in which the Company operates.

Gloria Kohut Rates In State Tests

Gloria Jane Kohut, daughter of Steve Kohut, plant engineering, has received a certificate ranking her in the top 1% in the State Eighth Grade tests. The tests were given to all eighth grade students throughout Ohio during April. This is an outstanding achievement considering that 60,000 students were given the scholastic examinations.

Gloria attended Waverly East Elementary School this past year. She will enter the ninth grade at Waverly High School next fall.

GRADS

Pictured are 1960 graduates, all sons and daughters of GAT employees.

ROW ONE: Left to Right: John E. Jacobs, Chillicothe Catholic Central, son of Martin E. Jacobs, electronics dept.; Ethel Marie Donnelly, Portsmouth High School, daughter of Lyle E. Donnelly, machine shop; Carol Fuller, Portsmouth High School, daughter of Lloyd Fuller, personnel services; Stephen Saltzman, Portsmouth Notre Dame, son of R. L. Saltzman, SS material handling; Donna Lindsey, Wellston High School, daughter of Robert Lindsey, utilities operations; Sharon Ann Parrish, Piketon High School, daughter of C. Parrish, electrical maintenance; Denny Cornwell, New Boston High School, son of R. B. Cornwell, chemical analysis; Dixie Trainor, Chillicothe High School, daughter of Frank B. Trainor, utilities maintenance; Carol Lee Boggs, Valley High School, daughter of J. V. Boggs, Jr., machine shop; Milton F. Snyder, III, Chillicothe High School, son of Milton Snyder, machine shop.

ROW TWO: David Colegrove, Portsmouth High School, son of W. J. Colegrove, power operations; Brenda Tucker, Chillicothe High School, daughter of M. V. Tucker, instrument maintenance; Karen Marie Wilkerson, Chillicothe High School, daughter of J. D. Wilkerson, plant engineering; Michael Plunkett, Waverly High School, son of W. F. Plunkett, Jr., electrical maintenance; Donna Lee Allen, Portsmouth High School, daughter of J. R. Allen, utilities maintenance; Gloria Thweatt, Waverly High School, daughter of J. L. Thweatt, utilities maintenance; Eddie Clary, Waverly High School, son of A. H. Clary, plant engineering; Ann Lynn Brandt, Waverly High

School, daughter of James F. Brandt, cascade maintenance; Judith Ann Sands, Waverly High School, daughter of Edgar L. Hill, utilities maintenance; Larry Chambers, Waverly High School, son of H. B. Chambers, stores department.

ROW THREE: Dale Richard Beam, Piketon High School, son of D. M. Beam, utilities maintenance; Linda Lou Carter, Jackson High School, daughter of P. D. Carter, special & mechanical shops; Shirley Brame, Minford High School, daughter of Willard Brame, special & mechanical shops; Ray C. Weimer, Jr., Piketon High School, son of Ray C. Weimer, Sr., machine shop; Carole Joy Spriggle, Piketon High School, daughter of O. E. Spriggle, instrument maintenance; Janice Inez Tulloh, Waverly High School, daughter of Max Tulloh, cascade maintenance; Willard Thacker, South Point High School, son of Mildred F. Thacker, accounting & budget; Bethal Gaye Ball, Wheelersburg High School, daughter of C. R. Ball, process area 3; Linda Gammon, Valley High School, daughter of Wesley C. Gammon, process area 2; David Clark, Waverly High School, son of E. W. Clark, instrument maintenance.

ROW FOUR: Barry Wright, Jackson High School, son of Fred Wright, special & mechanical shops, and Laura Wright, cascade coordination; Rebecca Kay Lilly, Clay High School, daughter of J. R. Lilly, cascade maintenance; Betty Jean Moore, Piketon High School, daughter of F. L. Moore, cascade maintenance; Charles D. Nelson, Waverly High School, son of John H. Nelson, chemical analysis; Ruth McQuay, Wheel-

ersburg High School, daughter of Robert McQuay, process engineering; Sandra K. Johnson, Huntington, W. Va. High School, daughter of Claude W. Johnson, electronics dept.; Michael G. Dobbins, Valley High School, son of J. H. Dobbins, special & mechanical shops; Doris Alma Havens, Clay High School, daughter of J. C. Havens, special & mechanical shops; Paulette F. Beall, Waverly High School, daughter of R. L. Farr, instrumentation development; Curtis W. Wiggins, Jackson High School, son of Curtis C. Wiggins, special & mechanical shops.

ROW FIVE: Francis A. Koehler, Jr., Jackson High School, son of Francis A. Koehler, Sr., special analysis dept.; Donna Rae Gillespie, Jackson High School, daughter of R. H. Gillespie, SS material handling; Patti Jefferson, Jackson High School, daughter of L. P. Jefferson, cascade maintenance; Gaines Owen Clements, Jackson High School, son of W. M. Clements, electrical maintenance; Pat Paskiewicz, Chillicothe Catholic Central, daughter of Thadeus A. Paskiewicz, utilities maintenance; Sandra Kay Grant, Coalton High School, daughter of James Grant, police department; Ronald Garlitz, Piketon High School, son of Reuben R. Garlitz, laboratory services; Rosalie Catherine Orlett, Portsmouth Notre Dame, daughter of Louis A. Orlett, electrical maintenance; Susan J. Fleming, Portsmouth High School, daughter of R. C. Fleming, employment department; George Keys, Huntington (Ross County) High School, son of H. M. Keys, electrical maintenance. (Cont.)

Ready Cash

By

NELL K. TYLER

Engineering & Maintenance Services Department
Plant Engineering Division

Yesterday is a canceled check. Tomorrow is a promissory note. Today is ready cash. SPEND IT WISELY!

Parents know full-well that progress to this station in a child's educational journey has required a substance derived from a source of savings and early investments. It could be that promissory notes may be necessary to assure opportunities for a higher education.

But the emphasis here is on today and the young high school graduates. What does he think of his accomplishments and present status in life? He considers himself as being mature and capable. He realizes that his goals are obtainable if he is willing to make application of his potentials.

Youth does not dwell in a "fool's paradise" dreaming of the preservation of present possessions. DETERMINATION drives in the direction of the proving ground where he is TESTED for fitness necessary to SURVIVAL in life's school.

To him tomorrow is not a personal enemy to fear because of yesterday's stumbles. To believe this would hasten the inevitable hour of defeat, darkened by a feeling of emptiness because of the lack of faith in himself. Danger brings courage and defeat leads to wisdom that dictates a mutual respect and concern for other personalities and their possessions. His motives will be void of greed in seeking to take what he has not merited. His efforts will be rewarded in the accumulation of things that money doesn't buy. The QUALITIES of a good community citizen.

He has a purpose and is committed to a program and plan for a rewarding future. This promises noteworthy returns because he planned his endowment when the market value was highest . . . IN THE DAYS OF YOUTH.

ROW SIX: Richard Baughman, Coalton High School, son of A. L. Baughman, process area 5; Charlotte Elaine Bailey, Valley High School, daughter of Henry S. Bailey, special & mechanical shops; Peggy Wisor, Pike-ton High School, daughter of Harry H. Wisor, electrical maintenance; James P. Harris, Wellston High School, son of P. J. Harris, plant engineering; Donna Kay Burke, Portsmouth East High School, daughter of W. L. Burke, steam plant; Phyllis Jean Reiser, Portsmouth West High School, daughter of Carl Reiser, utilities maintenance; Allen William Mullins, Stockdale High School, son of R. W. Mullins, janitor services; Nancy Carol Flowers, Jackson High School, daughter of Jacob Flowers, janitor services; Carolyn Wilson, Jackson High School, daughter of H. Wilson, special & mechanical shops; Ronald Roger Hall, Minford High School, son of J. F. Hall, electrical maintenance.

ROW SEVEN: Jack McFarren, Chillicothe High School, son of J. F. McFarren, instrument maintenance; Nancy Sue Mollohan, Waverly High School, daughter of James D. Mollohan, machine shop; Karen Wilson, Wheelersburg High School, daughter of Don Wilson, instrument maintenance department; Alvin R. Perry, Huntington, (W. Va.) High School, son of Lindsey H. Perry, SS material handling; Robert Lee Armentrout, Waverly High School, son of R. C. Armentrout, electrical maintenance; John Charles Dir-

meyer, Waverly High School, son of S. W. Dirmeyer, "B" Shift Superintendent; Douglas Earl Keever, Piketon High School, son of W. H. Keever, electrical maintenance; Larry Piatt, Portsmouth High School, son of Mary Frances Suter, training department; John S. Swenson, Chillicothe High School, son of Paul E. Swenson, plant engineering.

GAT Foremen's Club Plans Two Events

This Saturday, June 4, the GAT Foremen's Club will hold their Annual Membership Outing at the Lucasville Fairgrounds.

D. L. Wright, chairman of the sports committee, has scheduled several sports activities which include volleyball, badminton, horseshoes, and other games. Tournaments will be conducted in these activities.

Members desiring to participate in a tournament must register teams at the desk located in the Art Building between the hours of 10 a. m. and 12 noon. No registrations will be accepted after 12 noon.

Another event which is being planned by the Foremen's Club is a bus excursion to Cincinnati August 13. This is the date the United States Olympic Basketball Team will play in the Cincinnati Gardens. Cincinnati is one of three sites where the team will appear this summer. The other two sites are Canton, Ohio, and Morgantown, West Virginia.

A package deal is being offered to Foremen's Club members which includes an opportunity to see the Cincinnati Reds play the Los Angeles Dodgers in the afternoon on August 13. That night the Olympic Basketball team will play an NIBL team from Cleveland. The Olympic team includes Oscar Robertson, Jerry West, Jerry Lucas, Walt Bellamy, Darrell Imhoff, and other top-notch stars.

The cost of the trip will be \$10 and includes the bus fare, baseball ticket, basketball ticket, and refreshments. The bus will leave from Portsmouth at 9:00 a. m. sharp.

Reservations should be made with D. L. Wright, laundry department, X-705 building.

IN MEMORIAM

Isaac Queen, 65, died May 21, 1960, at the Veterans Hospital in Huntington, West Virginia.

A son, Leslie E., is in the electric power area department.

Five Year Pins

Employees receiving five-year pins between June 1, and June 15, are as follows:

- J. H. Stone, Jr.
- T. E. Haley
- F. J. Ashbaugh
- R. H. Barnes

Bliss To Address Industrial Editors

Paul F. Bliss, community relations coordinator, will be the guest speaker at the Nucleonics, Industry Session, at the International Council of Industrial Editors Conference in St. Louis, Missouri, June 9.

The Nucleonics session is sponsored by the Association of Nuclear Editors. Dr. Bliss is a former president of the Association and is chairman of the ICIE Education Committee and a member of the American Council on Education for Journalism. The Council acts as an accrediting agency for schools of Journalism

Surplus Property Up For Bids June 9

Goodyear Atomic Corporation will offer for sale by "Spot Bid" over one-hundred lots of used property on June 9, 1960. The sale will be conducted at the Surplus & Salvage Sales Warehouse #1. The comparison of bids and award of each lot will commence promptly at 10 a. m.

The property is available for inspection May 31, through June 4, and from June 6, through June 8, from 8 a. m. until 2 p. m. The property may be inspected from 8 a. m. until bids are closed for each lot on June 9.

Up for sale are a total of 32 pickup trucks, 16 sedans, 3 flatbed trucks, 1 truck-tractor, 1 farm tractor, 2 10-ton Noble bridge cranes (72' span), 10 welding machines, 1 dump truck, 3 portable pumps, 1 joy air compressor, 1 steam cleaner, 1 parts washer, 1 stiff-leg derrick, 1 clothes drier & washer, 4 wooden buildings (skid

Area Beekeepers Set Meeting

Several Goodyear Atomic employees keep bees and often relate interesting highlights of the Bee story.

The Pike, Jackson, and Scioto County Beekeepers will have a twilight meeting on June 14, at 6 p. m. The meeting will be at the farm of Art Borams, 4-miles east of Beaver on the Glade Road.

The State Director of Apiculture, Mr. Charles Reese, along with Mr. S. E. Bailey, Head of the Bee Inspection Department will conduct a question and answer period pertaining to Apiculture. If sufficient interest is shown a 6-week workshop will be conducted in the caring of Bees.

All GAT employees are invited to attend this meeting and bring the teenagers in the family along. The program is designed to stimulate interest among this age group in Beekeeping.

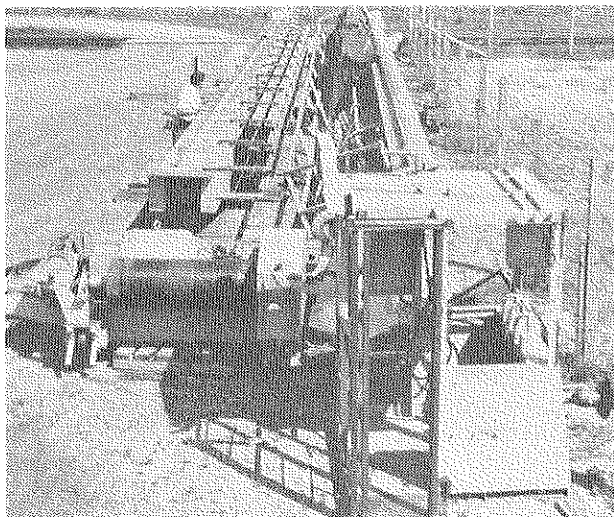

throughout the United States.

The International Council of Industrial Editors is made up of sixty member associations representing more than 4,000 industrial editors from the United States, Canada, South America, and Europe.

shacks), 1 farm wagon, and several lots of office furniture, desks, chairs, safes, and other miscellaneous office equipment. No deposit is required with a bid. Goodyear employees may bid subject to the limitations of Article 18 of the General Sale Terms and Conditions posted on the bulletin board at the sale site.

Successful bidders will be allowed until 3:30 p. m., June 17, to pay for and remove their property. The purchaser may pay for and remove his property between 1 p. m. and 3:30 p. m. the day of the sale. Payment must be in full either by cash, money order, cashier's check, or certified check made payable to Goodyear Atomic Corporation.

The vehicles are sold "as is-where is"; the remainder of the lots are sold "as is-f.o.b. conveyance" at the inspection location.

GAT SURPLUS PROPERTY SALE. Surplus and Salvage Sales Warehouse No. 1 will be the scene of a "spot bid" sale June 9. Over 100 lots of used property, pictured above, is now available for inspection which

includes several lots of office furniture. The picture at left is of one of the two 10-ton Noble bridge cranes to be sold. Top right shows the various vehicles for sale. Lower right, warehouse employees check office furniture.

GOODYEAR

PICNIC

DRIVE CAREFULLY

PLACE THIS ON YOUR CAR WINDSHIELD. A sticker like this has been issued to all employees for identification of cars entering the parking lot at the Picnic site.

Area Students Rate High On State Tests

Several students of GAT families were among the two-hundred and forty Ohio high school students taking top state honors from 22,190 participants in the Final District-State Scholarship Test conducted last month.

From Waverly High School Sammy Niece, son of F. E. Thomas, electrical maintenance department, ranked 3rd in Biology. Judy Scott, daughter of C. V. Scott, finance division, ranked 2nd in English X.

Susan J. Fleming, daughter of R. C. Fleming, employment department, received ratings in Spanish. She ranked 3rd in the State in class A division (schools comparable to Ports-

mouth High School), and 4th in the State regardless of classification. She plans to enroll at Heidelberg College, Tiffin, Ohio, in September and will major in Mathematics and German.

Karen Sue Wilson, daughter of Don Wilson, instrument maintenance department, received three certificates for her score in senior English. She ranked 15th in the State in Division II, first in the Ohio University district in Division II and third in the district regardless of classification.

Strong words are often used in weak arguments.

Softball Play Begins To GAT And The AEC Security Means In Two Areas

Goodyear's softball program got underway officially May 18, in a game played between the "Castoffs" and the "Has Beens".

This was the first game of a 15-game session in the GAT Softball League of Portsmouth. All games are to be played on diamonds 4 & 5, west of the municipal football stadium.

The "Castoffs", managed by P. H. Sargraves (process area 3), lost 6 to 5 to the "Has Beens", managed by W. E. Conley (instrument maintenance department).

O. W. Murphy, mass spectrometry department, allowed only 2 hits in gaining the first win of the season.

Four teams make up this league. The "Inspectors" are managed by Tom Taulbee (engineering & maintenance services department), and "C" Shift is managed by Jehu Grose (process area 1).

All games will be played on Wednesday beginning at 5:45 p. m. The league will conclude August 24.

First round action in the GAT Softball League of Waverly opened last Wednesday evening with two games being played.

In the first game "B-Shift" edged the "Pickups" 7-6. Jack Hayes was the winning pitcher. Ray McNaughton the loser. Red Barnes had a home run for the winners.

The second game was a walk-away with the "GAT Cats" swamping "A-Shift" 15-5. Clyde Secrest homered for the "Cats". Jim Masie hit one for "A-Shift" in a losing cause. The winning pitcher was Ed Straussbaugh who gave up ten hits. Cliff Chapman lost it allowing 8 hits.

Next Golf Playday Scheduled June 18

A two-ball mixed foursome golf playday will be held at the Skyline Golf Course in Waverly, June 18. Reservations for this playday must be made at the recreation department by June 14.

Persons participating in this event do not have to be members of a GAT golf league but must be an employee of GAT or the wife or husband of a GAT employee.

All handicaps will be calculated using the Calloway System. USGA and winter rules will govern all play. Tee off time will begin at 3:30 p. m.

To Err Is Human

The *Clan* inadvertently failed to mention the name of Mary Ellen Cormany as a Waverly Science Fair winner last issue. The *Clan* regrets the error.

She received a superior rating in the Waverly Science Fair and an excellent at the district Fair on the Ohio University Campus.

Mary Ellen will enter Waverly High School next fall as a freshman. She is the daughter of Lee Cormany, training department.

**UNITED STATES
ATOMIC ENERGY COMMISSION
SECURITY ACKNOWLEDGMENT**

Goodyear Atomic Corporation

(Place at which Security Acknowledgement is signed)

I, . . . YOU, A GOODYEAR EMPLOYEE . . . , in anticipation of my security clearance by the United States Atomic Energy Commission, make the following statement with the understanding and intent that my statement will be used by the AEC in carrying out its obligation to protect the security of Restricted Data and other classified information.

1. I understand that it is the policy of the AEC to control the dissemination of Restricted Data and other classified information in such a manner as to assure the common defense and security.
2. I understand that, in carrying out the aforesaid policy, the AEC has issued and will issue and revise, as circumstances require, certain instructions and regulations pertaining to the control and dissemination of Restricted Data and other classified information.
3. I shall not reveal to any person any Restricted Data or other classified information of which I gain knowledge as a result of my employment, assignment, or duties, except in accordance with official instructions and regulations of the AEC or except as may be hereafter authorized by officials empowered to grant such authority.
4. I understand that the provisions of the Atomic Energy Act of 1954 prescribe penalties for the disclosure of Restricted Data to unauthorized persons, and the provisions of U. S. Code, Title 18, "Crimes and Criminal Procedures," approved June 25, 1948, and of the "Internal Security Act of 1950" prescribe penalties for the disclosure to unauthorized persons of information respecting the national defense, and for loss, destruction or compromise of such information through gross negligence.
5. I UNDERSTAND THAT WILLFUL OR GROSS CARELESSNESS IN REVEALING OR DISCLOSING TO ANY UNAUTHORIZED PERSON RESTRICTED DATA OR OTHER CLASSIFIED MATTER PERTAINING TO THE AEC OR ANY OTHER GOVERNMENT AGENCY MAY CONSTITUTE SUFFICIENT CAUSE FOR TERMINATION OF MY ASSOCIATION WITH THE ATOMIC ENERGY PROGRAM.

clearance:

- (a) Propose to travel to Soviet-bloc countries; or
(Normally, an individual will not be asked to forego any travel unless the travel is of such nature as to be considered unwise from the standpoint of personal safety or there are special circumstances existing which would make such travel unwise from the standpoint of security of the atomic energy program. The AEC's security interest in such travel normally diminishes as the period of access to Restricted Data or other classified information becomes more remote. Personnel cleared by the AEC but employed by other government agencies are not required to inform the AEC of official foreign travel.)
