THE BEST IS YET TO COME

VOLUME VII PIKE COUNTY, OHIO, WEDNESDAY, AUGUST 3, 1960 NUMBER 21

Review of Labor Relations

Certified Union Committeemen and Stewards for Local 10-689, OCAW, are as follows:

Maintenance Division—M. Picklesimer, Committeeman, department 732.

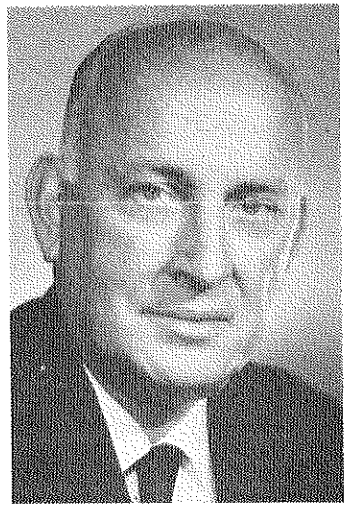

Stewards — H. C. Miller, "A" Shift Cascade & Utilities Maint., department 731; C. Griffith, "B" Shift Cascade & Utilities Maint., department 731; E. L. Hill, "C" Shift Cascade & Utilities Maint., department 732; R. L. King, "D" Shift Cascade & Utilities Maint., department 732; W. E. Collins, (Alternate), "D" Shift Cascade & Utilities Maint., department 732; C. B. Smyth, Cascade Maint. (Lube, R, X-342, X-344), department 731; B. L. Graham, (Alternate), Cascade Maint. (Lube, R, X-342, X-344), department 731; C. Alexander, Utilities Maintenance, department 732; M. Migyanko, Electrical Maintenance, department 711; J. I. Newman, Instrument Maintenance, department 712; J. C. Hickey, Seal, Valve & Scale Shops, department 724; C. A. McPherson, (Alternate), Seal, Valve & Scale Shops, department 724; R. A. Smith, Jr., Compressor Shop, department 724; R. Weimer, Machine Shop, department 721; D. C. Conley, Welder Maintenance, department 723; R. D. Monk, (Alternate), Welder Maintenance, department 723; H. W. Frey, Sheet Metal Shop, department 722; F. C. Yearout, Converter Shop, department 724, William Burrell, (Alternate), Converter Shop, department 724; J. F. Bullard, Barrier Assembly, department 724; C. K. Williams, (Alternate), Barrier Assembly, department 724; W. Farley, Utilities Maint. (Bldg. & Grds.), department 726; A. E. Lee, (Alternate), Utilities Maint. (Bldg. & Grds.), department 732; O. O. Hill, Motor Pool & Garage, department 733.

Operations Division — J. N. Sansom, Committeeman, department 810.

Stewards — W. J. Pinkerton, "A" Shift Cascade Operations, department 815; L. M. Haas, "B" Shift Cascade Operations, department 811; W. H. Riggle, "C" Shift Cascade Operations, department 814; F. S. Valentine, (Alternate), "C" Shift Cascade Operations, department 813; J. Ferguson, "D" Shift Cascade Operations, department 812; G. M. Barr, (Continued on page 3)

D. H. FRANCIS
Promoted to GT&R

G. H. REYNOLDS
Appointed General Manager

Heads Committee

E. J. Thomas, chairman of the board, The Goodyear Tire & Rubber Company, has been selected to head the Rubber Industry committee on "Project Hope".

The project, a part of the People-to-People Program, will send a 15,000-ton hospital ship to Southeast Asia in the late summer. The ship will be equipped as a medical training center.

Objective of the \$3.5 million effort is to carry modern medical knowledge and techniques to the medical and health professions of the newly developing countries in the area.

Training for medical people of the area will take place on board the 230-bed hospital ship and at inland field hospitals. The floating hospital will be staffed with 15 physicians, 25 nurses and 30 medical personnel.

Additional physicians will be sent to the area later during the program to aid in more advanced training and to supplement the original staff.

Francis To Attend Advanced Management Program

Several GAT Management Changes Become Effective September 1

Goodyear Atomic Corporation will have a new General Manager September 1, 1960. The organization change is one of several which were announced last week by Sam DuPre, Vice President of The Goodyear Tire & Rubber Company.

D. H. Francis, General Manager, is being transferred to the parent organization. Mr. Francis will attend the Advanced Management Program at Harvard Graduate School of Business Administration.

On January 1, 1961, he will assume charge of the Company's Chemical Production Division.

Effective September 1, 1960, G. H. Reynolds will assume the position of General Manager, replacing Mr. Francis.

Dr. C. R. Milone is named Deputy General Manager effective the same date and R. M. Rutherford is named Manager of the Production Division.

Other changes effective September 1, 1960, include the promotion of H. E. Kelley to Superintendent of Power & Utilities Subdivision, replacing Mr. Rutherford. C. I. Crawford is appointed Supervisor of the Electric Power Area, replacing Mr. Kelley, and A. F. Wilson is promoted to General Foreman of Power Operations, replacing Mr. Crawford.

Mr. Francis began his employment with The Goodyear Tire & Rubber Company upon graduation from Texas A&M in 1939. A Chemical Engineer, he helped to start up the world's largest Synthetic Rubber Plant in Houston, Texas. He also helped start up the plant at Baytown. In 1949, he was named Plant Manager of the Houston, Texas, Copolymer Plant. He has served on several industry-government committees which brought the synthetic rubber program into being. He came to Goodyear Atomic Corporation as Division

Manager for Development Engineering in 1952 and was named General Manager in 1956.

Mr. Reynolds joined The Goodyear Tire & Rubber Company in Akron following his graduation from the Massachusetts Institute of Technology. His degree is in Chemical Engineering. He has served as Superintendent of the Tire and Tube Division of Goodyear Australia and was in charge of production of Navy Corsair fighter planes at Goodyear Aircraft Corporation. In 1944, he was named Manager of the Goodyear Synthetic Rubber Plant, Akron. Mr. Reynolds was one of the original complement assigned to Goodyear Atomic in 1952 as Manager of the Production Division and Deputy General Manager.

Dr. C. R. Milone
Will Be Deputy General Manager

Dr. Milone joined the Goodyear Research Operations in Akron upon graduation from the Massachusetts Institute of Technology. His doctorate degree was taken in organic chemistry. Prior to his transfer to Goodyear Atomic Corporation in 1952 he worked in high polymer research. He was transferred to Goodyear Atomic Corporation as Superintendent of the Development Laboratory and was named to the position of Manager of the Technical Division in 1955.

Mr. Rutherford joined The Goodyear Tire & Rubber Company in 1935. He has attended Akron University and Kent State University. Prior to his assignment to Goodyear Atomic Corporation in 1952, as Superintendent of Power and Utilities, he was Chief Engineer, The Goodyear Tire & Rubber Company, Jackson, Michigan. He also has been assigned as Power Engineer, Akron, and to the Engineering Department in Akron.

R. M. Rutherford
New Division Manager

Dr. R. M. Andre To Retire August 15; Dr. H. B. Lehman New Medical Director

D. W. Doner, Manager, Industrial Relations Division, has announced that Dr. H. B. Lehman is appointed Medical Director at GAT effective August 16, 1960.

Dr. Lehman's promotion to Medical Director follows the retirement from the Company of Dr. R. M. Andre, August 15, 1960.

The Medical Director is responsible for the Medical Services and the Industrial Hygiene and Health Physics departments at Goodyear Atomic.

Dr. Lehman came to Goodyear Atomic Corporation in November, 1959, from the Goodyear Engineering Corporation, Charlestown, Indiana, where he had been Medical Director since August 1956. For a short while he was Medical Supervisor for E. I. duPont deNemours, Indiana Ordnance Works, Charlestown, Indiana. He was engaged in private general practice, Berne, Indiana, from October 1948 until August 1956.

He attended Bluffton College, Bluffton, Ohio, and received his undergraduate and medical degrees from the University of Indiana.

Dr. Lehman was Past President of the Adams County, Indiana Medical

Society; a member of the Clark County and Indiana State Medical Societies, and the American Medical Association.

Dr. Lehman, his wife, and three children, reside on Timlin Hill, Portsmouth, Ohio.

Dr. R. M. Andre
Retires

Dr. H. B. Lehman
New Medical Director

Dr. Andre, a native of Pike County, joined Goodyear Atomic December 6, 1953. He received his undergraduate training at Ohio University and his medical degree from Ohio State University.

Following the completion of his medical training he interned at Springfield Hospital, Springfield,

BUY GOODYEAR — SELL GOODYEAR

The 1960 Buy Goodyear-Sell Goodyear contest is the best way to prove to competition that Goodyear employees are in there pitching, continuing to insure the Goodyear name as the leader in its field.

Undoubtedly the best insurance for job security is through customer security. The customer is the real source of securing the jobs of each and every one of us throughout the entire Goodyear organization.

The Buy-Sell campaign is where we can help ourselves and in addition have the incentive of competing for an expense-free weekend of fun in New York.

Winners To Date

- Roger Monk — Department 723
- Elbert Bowman — Department 723
- Robert Craycraft — Department 513
- Joseph Carver — Department 331
- Jack Rankin — Department 762
- John Cannon — Department 523

Have you submitted an entry? Four more winners to go. The contest ends August 20, with two winners to be selected August 22, the date of the last drawing.

Every Goodyear Atomic employee is eligible to compete in the contest.

All an employee has to do is buy or influence the sale of a product from a Goodyear Service Store or a Goodyear Dealer, receive a customer receipt, attach it to a completed form, and send it or bring it to the BUY GOODYEAR - SELL GOODYEAR headquarters, Community Relations Department, X-100 building.

In addition to winning the trip for yourself, married employees who are winners in the contest will have the opportunity of taking their spouse on an extra vacation at the expense of the Company. Unmarried winners in the contest can choose a member of their immediate family to accompany them on the tour, also at the expense of Goodyear.

Now is the time to tell your friends, neighbors, and relatives just how good Goodyear products are... to tell them of the different products that Goodyear makes.

Goodyear has maintained its leadership by continuing to have the best quality product in every single item we produce and sell.

Remember, you can tell your Goodyear story to everyone with a feeling of confidence when you BUY GOODYEAR - SELL GOODYEAR.

MANAGEMENT CHANGES

(Continued from page 1)

Mr. Kelley, following 2 years active duty in the Navy, joined Goodyear Atomic Corporation in March, 1953, as Power Area Supervisor. He holds a BS degree in Electrical Engineering from Michigan State University.

H. E. Kelley Promoted to Superintendent

He was formerly associated with Commonwealth Associates Inc., Jackson, Michigan, as an electrical engineer.

He is a member of the American Institute of Electrical Engineers, a member of the Reserve Officers Association, and a registered Professional Engineer.

Kelley, his wife Virginia, and children, Karen and Gary, live in Brewer Heights, Chillicothe.

Crawford became associated with Goodyear Atomic Corporation March 16, 1953, as a General Foreman, Electric Power Area. Earlier he had three years of broken service with Plant 3, Akron, as a repairman and electrician in an engineering squadron while attending the University of Akron.

He holds a bachelor's degree in electrical engineering from the University of Akron.

He is a member of the American Institute of Electrical Engineers and a registered Professional Engineer in the State of Ohio.

He is active in the Methodist Church of Jackson serving as Chairman of the Finance Commission. He is Advisor for Explorer Scout Post 48 sponsored by the Church.

A resident of Jackson, his family include his wife, Kathryn June, daughter, Karen, son, James, and son, Kenneth.

C. I. Crawford A. F. Wilson

Wilson was a technical trainee at GAT from June 8, 1953, until October 1, 1953. Following a two year term in the U. S. Army he joined Goodyear Atomic as a Junior Engineer in November, 1955. He was promoted to Power Coordinator in August, 1956, and to General Power Coordinator in February, 1958.

He is a graduate of Case Institute of Technology with a BS degree in Electrical Engineering.

He is a member of the American Institute of Electrical Engineers, and a Past Chairman of the Chillicothe Subsection.

Wilson, his wife, Nancy, and children, Debra, Pam, Cynthia, and Susan are residents of Chillicothe.

"C" SHIFT WINS AGAIN. In the left foreground is the Shift Safety Trophy, which was awarded to the employees of "C" Shift for the second consecutive year. Gathered for the presentation were from left: L. T. Oyler, Supervisor, Safety Department; D. W. Doner, Manager, Industrial Relations Division; Max Coryell, "C" Shift Superintendent; I. K. Stevenson, President, Local 10-689, OCAW; D. H. Francis, General Manager; G. H. Reynolds, Manager, Production Division; and C. L. Stewart, Superintendent, Safety & Fire Protection Subdivision.

Last Injury January 15, 1958

Shift Safety Trophy Won By "C" Shift For Second Year; Coryell Credits Employees

The Annual Shift Safety Trophy for Fiscal Year 1960 has been won by "C" shift. This is the second consecutive time "C" shift has won the trophy.

The shift safety record established by the employees of "C" shift, was recognized by the presentation of the trophy to Max Coryell, superintendent of "C" shift, by D. H. Francis, general manager. The trophy was presented at a luncheon meeting July 29. Present at the recognition luncheon were Mr. Francis, Mr. Coryell, G. H. Reynolds, manager, production division; D. W. Doner, manager, industrial relations division; J. K. Stevenson, president, OCAW, L. D. Hochberg, "R" shift superintendent; C. Alexander, W. J. Pinkerton, L. M. Haas, and R. E. Higley, OCAW Shift Safety Representatives; C. L. Stewart, superintendent, safety and fire protection subdivision; L. T. Oyler, supervisor, safety department; and R. F. Jones, representing the Clan.

"A" and "D" shifts were joint winners of the trophy for fiscal years 1955 and 1956. "A" shift was winner of the trophy in 1957. "B" shift won the 1958 fiscal year award.

In reviewing the shift safety records Mr. Francis stated that the date of the last disabling injury for "C" shift was January 15, 1958. Other shifts were as follows: "A" shift September 3, 1958; "B" shift October 16, 1958; "D" shift January 23, 1958.

There have been 33 disabling injuries, as of June 30, since the plant began operation. Of these disabling injuries, only 39.4% were incurred by shift workers. Approximately one-third of our employees work on shift.

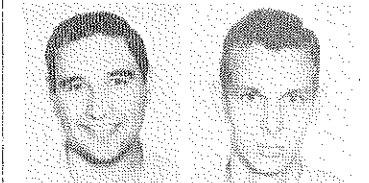

In accepting the trophy for his shift Coryell had this to say, "I accept this trophy in name only. The record belongs to the men. Whatever is accomplished by the members of this shift is through the com-

bined efforts of all of us. We'll be doing our best to win the trophy again next year."

"C" shift can well be proud of their safety achievements.

August Safety Slogan Winners

The winners of the August Safety Slogan Contest are A. P. Romero, process laboratory department, and A. E. Walters, chemical analysis department.

A. P. Romero A. E. Walters

Mr. Romero presented this winning slogan:

"For Better Returns Invest in Safety"

Mr. Walters presented this winning slogan:

"A Safety Check May Save Your Neck"

A total of 32 slogans were presented during the period June 21, through July 20, which were considered for the August contest.

Service Anniversaries

Employees receiving five-year service emblem awards between August 1, and August 15, are as follows:

- L. T. Oyler
- F. R. Conkel
- G. M. France, III
- L. D. Pierce
- L. Casebolt
- M. E. Price
- B. Adkins
- R. C. Havens

A Note Of Thanks

Mr. D. H. Francis
Goodyear Atomic Corporation
Box 628
Portsmouth, Ohio

Dear Mr. Francis:

The volunteer services of a number of Goodyear employees has benefitted our agency a great deal this year.

Mr. James Duncan, Plant Engineering; Mr. Robert Stone, Safety Department; and Mr. Ed Hartnett, Training Department, have given outstanding service to the Girl Scout Council, particularly in two areas — maintenance of Camp Molly Lauman and public relations. We commend the Goodyear organization on having within it men of such high caliber with willingness to contribute their highly developed skills to community projects.

In the ranks of our volunteers we count many other Goodyear men who have provided volunteer labor on various projects at Camp Molly Lauman, and also the fifty-two Goodyear wives who carry year-round responsibility for Girl Scout troops in the four-county area.

We look forward to many more years of cooperation with the "Goodyear family", with a deep sense of gratitude for their dedicated support, and the realization that we are dependent upon this to make possible a program of high quality for an increasing number of girls throughout the Scioto Council.

Sincerely,

Mrs. Glenn Brock
Council President

Mrs. Arthur L. Sutton
Executive Director

(Ed. Note: Scioto Council—Girl Scouts of America includes the following counties: Scioto, Vinton, Jackson, and Pike. A number of Girl Scouts from Ross County use the facilities of Camp Molly Lauman during the summer.)

SAFETY . . . EVERYWHERE . . . ALL THE TIME

Nonwork accidents, a major boobytrap for Americans, are a "veritable Fifth Column" in our midst.

The National Safety Council, a nongovernmental agency founded in 1913 to prevent all kinds of accidents, said reducing the nonwork accident toll is the "No. 1 challenge to safety in the 60's."

A campaign goal aimed at keeping Americans safe around the clock is under way. The campaign is designed to promote safety on the job as well as off.

What are the facts about this "Fifth Column"?

1. Nonwork accidents — those occurring in the home, on the highway and in public places — account for about 6 out of 7 accidental deaths in the United States. The toll in 1959 was 77,000 nonwork accidental deaths of workers and members of their families, 13,800 deaths in work accidents. This means nonwork accidents took about six times as many lives as work accidents.

2. Home accidents alone brought death to 26,000 persons last year. Nearly 1 out of 4 victims was a child under 5 years of age, and about 1 out of 2 victims was more than 65 years old.

3. In public places, drownings, including boat accidents, killed 5,300 persons last year. Air transport accidents involving all kinds of aircraft killed 1,200. Firearms took 900 lives. Falls claimed 3,600 victims.

4. Workers suffered 2,250,000 disabling injuries off the job in 1959 as compared with 1,950,000 disabling injuries on the job.

5. The cost of off-the-job accidents to industry was 550 million dollars in 1959 — and three billion dollars to workers and their families.

Accidents of any kind can be prevented if enough people really want to prevent them.

"Safety . . . Everywhere . . . All the Time" is based on the belief that safety shouldn't be left behind at the plant gate. A worker injured off the job is just as lost to industry as if the accident occurred at a machine.

WINS FIRST TROPHY. L. E. Fuller, (left), Superintendent, Personnel Services Subdivision receives the Safety & Good Housekeeping trophy on behalf of his subdivision for having won the first semi-annual award. Presenting the trophy is D. W. Doner, Manager, Industrial Relations Division. In the background are members of the subdivision watching the proceedings.

Industrial Relations Division Institutes New Safety Award Program On Semi Annual Basis

The first semiannual inspection under the Industrial Relations Division's new Safety and Housekeeping Award program resulted in the Award being won by the Personnel Services Subdivision.

The rating system used to determine the award winner is based on ten safety factors with a possible score of 100, and ten housekeeping factors with a possible score of 50.

The Industrial Relations Division is divided into four groups for inspection purposes: Staff, Medical subdivision; Personnel Services subdivision; and Safety & Fire Protection subdivision.

The first inspection under the new program produced a relatively close score among the various groups with the Division as a whole rating at 72% of the maximum possible score. The winning subdivision, Personnel Services, scored 75%.

The inspection team included C. L. Stewart, superintendent, safety & fire protection subdivision; Dr. H. B. Lehman, medical subdivision; and L. E. Fuller, superintendent, personnel services subdivision.

Results of the inspection indicated

that safety hazards are at a minimum and all the departments show evidence of interest in appearance.

Fairburn Promoted To Department Foreman

J. G. Fairburn, special and mechanical shops department, has been promoted to Foreman in the department, responsible for the compressor shop.

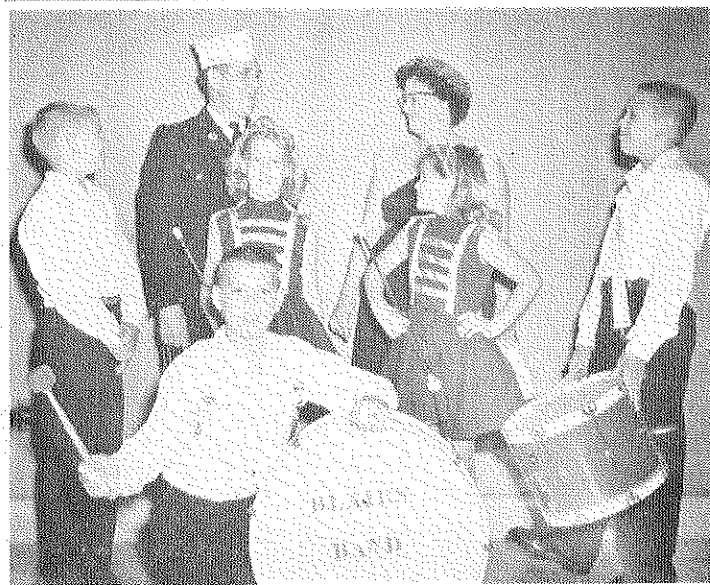

He joined Goodyear Atomic Corporation as a maintenance mechanic June 14, 1954.

Fairburn's high school career was interrupted by 14 months in the Marine Corps. He graduated from Huntington (W. Va.) East High School in the class of 1947.

He is married and has two sons, John and David, and a daughter, Deborah Jean. He and his wife, Sally Jo, and family reside in Portsmouth.

**J. G. Fairburn
New Foreman**

BEATING THE DRUMS FOR DAD. A. J. Blair, Instrument Maintenance Department, is pictured with his wife, Winnie, and their five youngsters. Blair is the new Commander of the Ohio American Legion. The children are all members of the Legionettes of Jefferson-Howe Post 81, Jackson, Ohio. In front with the drum is Lee, 14, and back of him, from left are Lynn, 11, Susan, 10, Shirley, 8, and Larry, who became 13 the day his father was elected to the high Legion post.

GAT Employee New Department Commander Of The Ohio American Legion; Jackson Native

Alec J. Blair, instrument maintenance department, is the new Department Commander for the American Legion of Ohio. His election to the top veteran post was one of the highlights at the Legion's state convention held in Columbus, Ohio, last weekend.

As Department Commander, he will assume the leadership of the State organization consisting of approximately 120,000 Legionaires. The Department has state headquarters in Columbus, with field offices at VA installations in Dayton, Cincinnati and Cleveland.

During World War II he enlisted in the United States Air Force at Jackson, Ohio, and served as a Bombardier. He was discharged in 1945 and immediately became an active member of Jefferson-Howe Post 81,

of the American Legion in Jackson.

Blair, his wife, and five children are residents of Jackson. On August 17, 1960, he will have completed seven years continuous service with the Company. He joined GAT as an instrument maintenance man receiving the prescribed training course at that time. In January, 1959, he was promoted to Foreman in the instrument maintenance department.

He is active in his community and takes part in many of its activities. He is secretary of the Jackson County Veterans Commission; a member of the Masonic Lodge, the Knights of Pythias, the Farmer-Sportsman Club and is very active in the Boy Scouts of America, being Institutional Representative for the Legion Troop, and a member of the District Committee. He is a member of the First Methodist Church in Jackson.

NEW MEDICAL DIRECTOR

(Continued from page 1)

Ohio. During World War I he served overseas with the 499th aero squadron. After his discharge from the services, he returned to Waverly where he resumed the general practice of medicine and surgery.

In 1942 he was appointed supervisor of the medical section of the Industrial Commission of Ohio. He held that position until December, 1953, when he resigned to accept the position of Medical Director of the Goodyear Atomic Corporation.

Dr. Andre is a member of the American Medical Association and the Ohio State Medical Association. He is a past president of the Pike County Medical Association. Currently, he is an active staff member of the Pike County Hospital.

He is a member of the various Masonic Bodies.

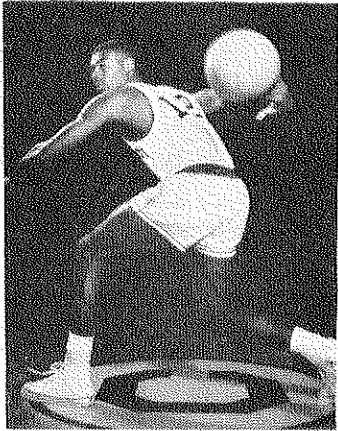

Dr. and Mrs. Andre are residents of Lake White, Waverly, Ohio.

Foremen's Club Members To See Olympic Basketball Team Perform In Cincinnati

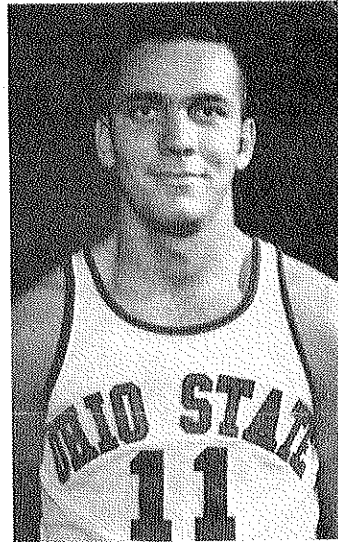

When the United States Olympic Basketball team plays the Denver D. C. Truckers of the National Industrial Basketball League August 13, in Cincinnati, seventy-four members of the GAT Foremen's Club will be in the stands watching the game. The game is one of three being played to help defray the costs of sending the U. S. Team to Rome, and Olympic competition. All proceeds will go to the Olympic Fund.

The U. S. Olympic team is headed by a pair of All-Americans from Ohio, Oscar Robertson from the University of Cincinnati, and Jerry Lucas from Ohio State.

In addition to "The Big O" and the former Middletown High School star, Lucas, the Olympians include such highly-rated players as West Virginia's Jerry West, California's Darrell Imhoff, Indiana's Walt Bellamy, Purdue's Terry Dischinger, Texas' Jay Arnette, Kansas State's Bob Boozer, and Kentucky's Adrian Smith.

Oscar Robertson

Jerry Lucas

The Denver Truckers have several former college stars, including former Illinois Center, George BonSalle, and have recently bolstered their roster with such collegiate stars of last season as, Mike Grancy, Notre Dame, and Dave Denton, Georgia Tech.

Plans Underway For Mixed Bowling

An effort is being made to organize a Mixed Bowling League to bowl in the new Rainbow Lanes in Portsmouth. The league will consist of 28 couples or 14 teams . . . 4 persons to a team, and will bowl Saturdays at 7 p. m.

Employees interested should contact James Fearing, process area 6, telephone extension 2776.

BOWLING

The GAT Women's Bowling League of Jackson is making plans for the coming season. Ladies interested in bowling in this league should contact Irene Bender at Jackson 1082-L or Eunice Fichthorn Jackson 1147 by August 10.

GAT Women's Club Of Pike County

The GAT Women's Club of Pike County will sponsor a Style Show Monday, August 22, beginning at 8 p. m., in the Waverly High School Cafeteria.

Representatives from Atlas Fashions of Portsmouth will model the latest fall fashions for ladies', misses', teen-agers', and children's apparel. Refreshments will be served and bridge and canasta will be played immediately following the Style Show. Several door prizes will be awarded.

Tickets at \$1 per person may be obtained from any member of the Pike County GAT Women's Club or at the door.

Proceeds will be used for the benefit of the Pike County Educational Assistance Fund, which provides assistance toward first-year college expenses. Seniors of the five high schools in Pike County are eligible to make application. To date, two of the three winners come from Goodyear Atomic families. The first year . . . Barbara Weimer, daughter of Ray Weimer, machine shop department, was the winner and is a student at Ohio University. She graduated from Piketon High School. The second winner . . . John Skinner, son of J. F. Skinner, electrical maintenance department, is attending the University of Notre Dame. He is a graduate of Waverly High School.

Additional information may be obtained by telephoning Mrs. James F. Blair, (Mabel Blair, instrumentation development department, 2670) Waverly 8136-M or Mrs. Clifford Alexander, telephone Waverly 8139-M.

Classifieds

All Wingfoot Clan ads must be typed or printed, and contain a "blind" address or telephone number to which initial contact can be made. The ad must be signed in ink and carry the employee's department number, badge number, and plant-site telephone number. This service is for employees who have items to buy, sell, or trade. No commercial ad: can be accepted.

Bowling League Being Planned For Juniors

An effort is being made to organize a Junior Bowling League for boys and girls in the 11-15 age group.

GAT sons and daughters interested should have their Mother or Dad contact the recreation department.

If enough interest is shown the league will bowl on Saturday mornings, 9:30 a. m., at the Rainbow Lanes in Portsmouth.

When you hire people who are smarter than you are, it just proves that you are smarter than they are.

A MORNING CATCH. Rudy Ray Davis proudly displays his morning catch of Bass (black & white) and Catfish. Rudy, 13, is the son of Q. R. Davis, electrical maintenance department. They enjoyed a week's vacation at South Bass Island State Park. Put-In-Bay, Lake Erie.

IN MEMORIAM

Richard N. Samson, 75, died July 22, 1960, en route to Pike County Hospital. A son, Frank, is in the engineering & maintenance services department.

Mrs. Evelyn Adkins, 54, died in a Columbus hospital July 30, 1960. A son, Marvin R., is in process area 6.

Bowling Instruction For GAT Employees

Plans are underway for bowling instruction classes to be offered to GAT employees and members of the immediate family.

The instruction will be for the beginner and advanced bowler. Classes are to be scheduled in the various bowling lanes in the four-county area where GAT has organized leagues.

If interested in bowling instruction please complete the form below and send to the recreation department, X-100 building, no later than Wednesday, August 10.

Mr. and Mrs. Elbert V. Bowman, (weld shop department), son, James Vernon.

Mr. and Mrs. Tom Taulbec, (engineering & maintenance services department, son, Timothy.

Make yourself indispensable and you will move up. Act as though you are indispensable and you will move out.
