## GOODYEAR ATOMIC CORPORATION

Portsmouth Area Gaseous Diffusion Plant

VOLUME VIII

PIKE COUNTY, OHIO, WEDNESDAY, OCTOBER 5, 1960

NUMBER 1

### Ronald Garlits Wins Naval Scholarship

Ronald Lee Garlits, son of Reuben E. Garlits, laboratory services department, has been selected to participate in a Naval Reserve Officers' training program. He is now enrolled at the University of Louisville where he will major in engineering.

Ronald won the scholarship on the basis of competitive mental and physical examinations. The examinations were given while he was a senior at Piketon High School. He is a 1959 graduate of Piketon.

The four-year scholarship provides tuition, books and a subsistence of \$50 per month. He has been a member of the Portsmouth Naval Reserve unit since May, 1959.

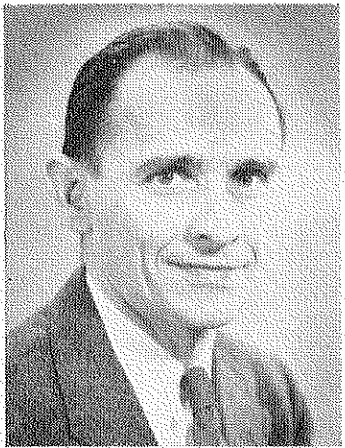

### Health Opportunity People Everywhere

A ship sailed from San Francisco in September for Southeast Asia on a mission of international cooperation which can contribute greatly to the goal of a lasting peace. The ship is the SS HOPE, a fully staffed and equipped medical training center whose purpose is to share this country's modern medical knowledge and skills with newly-developing countries.

American physicians, dentists and nurses will work with local professional personnel in these countries to pass along modern techniques. This training will upgrade the local medical people in their ability to diagnose and treat. They in turn will be able to teach others. In this way, HOPE's impact will grow and spread.

HOPE, which stands for Health Opportunity for People Everywhere, is essentially a private effort. Goodyear and other American companies, along with organized labor and the public, have joined to back the project. Goodyear's Board Chairman, E. J. Thomas, is chairman of the HOPE project for the rubber industry.

Says Thomas: "This project's great value lies in the fact that it is a tangible expression of the deep concern felt by the American people for the plight of millions in other lands who are struggling with problems even more severe than our forefathers faced in launching a new nation."

J. K. Boughton

### Boughton Transfers To Texas Plant

### Three Employees Promoted Within Maintenance Division

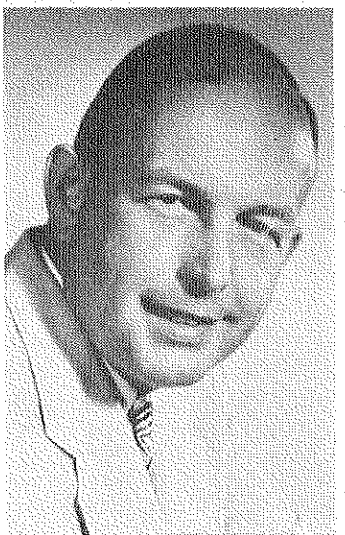

Three promotions occurred last week within the plant engineering & maintenance division. The promotions follow the transfer of J. K. Boughton, Superintendent, Instrument and Electrical Maintenance, to the new Beaumont, Texas Chemical Plant as Manager, Engineering & Maintenance Division. All promotions were effective October 1, 1960.

M. W. Hartle was appointed Superintendent, electrical & instrument maintenance, replacing Boughton.

Q. England replaced Hartle as supervisor, electrical maintenance.

C. W. Robinson, Jr. was promoted to general foreman in the electrical maintenance department, replacing England.

Boughton joined The Goodyear Tire & Rubber Company June 4, 1942 as a member of the Cooperative Training Squadron in Akron. In February, 1946 he transferred to the electrical engineering division

M. W. Hartle

### GAT's Seventh Annual All-In-One Campaign Now Underway

Two important meetings were held on plantsite last week as a preliminary to the current All-In-One Campaign. Goodyear Atomic Corporation is in the midst of its Seventh Annual Campaign. The All-In-One provides an opportunity for employees to help give financial aid to the local Community Chest/United Fund agencies in the area where they live.

The first meeting was held Tuesday, September 27, and included members of the All-In-One Advisory

group. This group includes: G. H. Reynolds, General Manager; Division Managers D. W. Doner, W. L. Sams, C. L. Jenkins, Dr. C. R. Milone, W. A. Brown, and Administrative Assistant J. S. Dysart. Superintendents R. B. Boeye, C. L. Stewart, M. R. Zigler, A. H. Wernecke, W. H. Taylor, M. W. Hartle, R. J. Nance, W. F. Culp, C. A. Mentges, J. B. Mitchelson, and H. E. Kelley. Union Representatives R. Rickey, R. J. Kinker, P. F. Yinger, L. L. Ramey, C. D. Mullins, H. N. Stone, A. W. Remy, V. Beasley, J. N. Sansom, W. R. Murphy, Jr. and J. F. Crace.

The meeting was presided over by the All-In-One Co-Chairmen J. K. Stevenson, and Dr. Paul F. Bliss.

Dr. C. R. Milone, Deputy General Manager, representing GAT's General Manager, spoke briefly and noted three major points in the Goodyear philosophy of United Fund giving:

1. Goodyear Atomic believes that 100% employee participation is the best possible goal.
2. That the "All-In-One" should be a joint Labor and Management effort.
3. The United Fund concept has the whole-hearted support of the parent company and national labor leaders.

D. W. Doner, Manager, Industrial Relations Division, urged everyone to put forth their best effort in making this, our 7th Campaign, a greater success. He cited that our best em-

ployee participation record was the 1956 campaign with 93%.

J. K. Stevenson, President, OCAW, explained the literature included in the departmental packets for All-In-One week.

The second meeting, last Thursday brought together the 160 "workers" of the All-In-One campaign — the solicitors. The prime purpose of this meeting was to hear a representative from each area — Ross, Pike, Scioto, and Jackson — speak in behalf of the agencies included in his particular United Fund. Lincoln Lenzi, President of the Ross County United Fund; Charles Horr of the Scioto County Community Chest; Al Williamson of the Pike County United Fund, and Dr. E. W. Eichelberg of the Jackson County United Fund spoke in behalf of their groups.

J. K. Stevenson, OCAW President, said in conclusion that the "end result of the All-in-One effort is the building of a better community where we reside." He urged all members of the OCAW to give serious thought to working with and supporting the solicitors assigned to their areas.

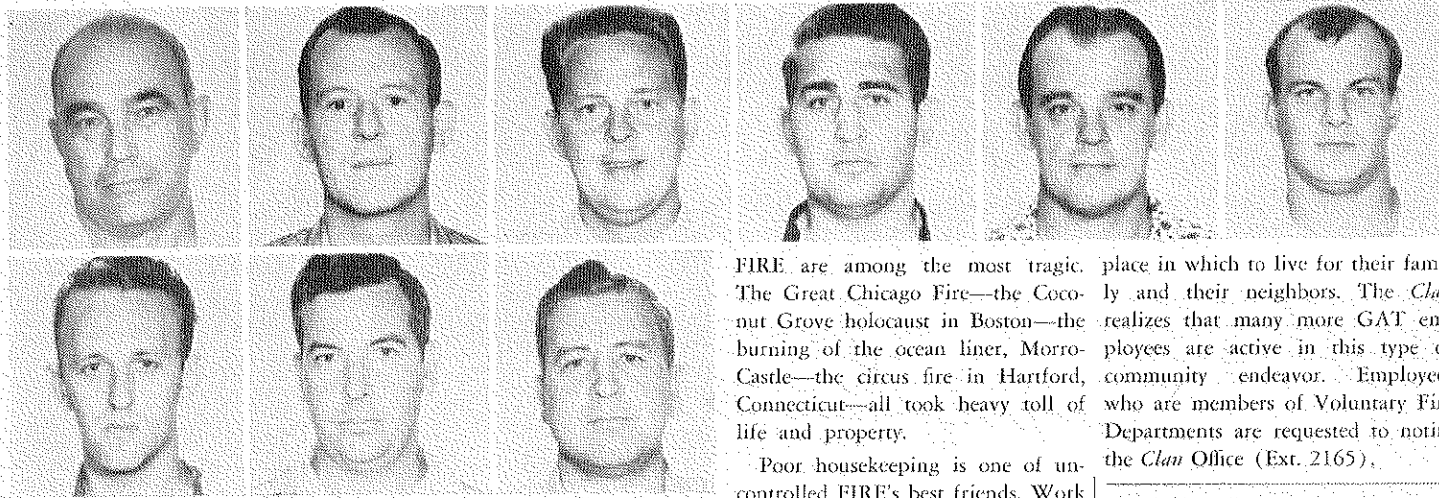

D. W. Doner concluded the meeting by emphasizing three points:

1. The All-In-One Campaign is a TEAM EFFORT!
2. This year let's beat our best previous record and try to reach the goal of 100% employee participation.
3. Stress Payroll Deductions.

ATOMIC ENERGY COMMISSIONERS VISIT PLANTSITE. C. A. Tabor (right), Superintendent, Works Laboratory Subdivision, explains the functions of the Mass Spectrometry Laboratory to the two Commissioners, Dr. Robert E. Wilson (third from right) and Loren K. Olson (second from right). Others in the photograph are left to right: G. H. Reynolds, GAT's General Manager; J. W. Ruch, Oak Ridge Operations, AEC; Sam DuPree, Vice-President, The Goodyear Tire & Rubber Company; and E. B. Tremmel, AEC Washington. Dr. C. R. Milone, Manager, Technical Division, is standing behind Mr. Tremmel. The Commissioners were briefed concerning the Goodyear Atomic Corporation work at the Portsmouth Area by Mr. Reynolds and Dr. Milone.

(Continued on Page 2)

THESE GAT FIRE DEPARTMENT EMPLOYEES serve their community as members of Voluntary Fire Departments. Top row, 1 to 6: C. V. Stollsteimer, Rosemount; E. C. Vanderhoof, Jr., Flatwoods, Ky.; C. E. Euton, South Shore, Ky.; J. D. Atkins, Coalton; D. E. Easter, Washington Township; and R. L. Stewart, Jr., Rosemount. Bottom row, 1 to 6: E. C. Beasley, Valley Township; O. B. Cutlip, Piketon; and V. F. Nichols, Washington Township.

**Common Sense In Action**

**October 9-15 Is Fire Prevention Week; Many Employees Active In Voluntary Units**

October 9-15 is Fire Prevention Week. This special week is set aside annually to direct everyone's attention to the need for greater fire prevention, safety on the job and in our communities.

GAT's safety and fire protection subdivision suggests that every week should be fire prevention week. Fire prevention is common sense in action.

**DO YOU KNOW THAT MAN'S BEST FRIEND CAN ALSO BE HIS WORST ENEMY?**

For more than a half-million years, man has used controlled FIRE to cook his food — to keep him warm — and to help turn raw materials into useful products. Controlled FIRE—is responsible for all things by which we measure our progress. Without controlled FIRE, there would be no steel or other metals—

no plastics—no cement for highways and buildings—and no electricity. Not a single modern industry would exist if man did not possess the miracle of FIRE and have the knowledge of how to control it.

Uncontrolled FIRE can be man's worst enemy because uncontrolled FIRE is one of the most ruthless destroyers. Of the major disasters recorded in history, those caused by

FIRE are among the most tragic. The Great Chicago Fire—the Coconut Grove holocaust in Boston—the burning of the ocean liner, Morro-Castle—the circus fire in Hartford, Connecticut—all took heavy toll of life and property.

Poor housekeeping is one of uncontrolled FIRE's best friends. Work areas should be neat and uncluttered. Always be sure to properly dispose of oily rags — because rubbish and waste are breeding places for FIRES.

Handle extension cords properly — always report frayed cords or damaged plugs. NEVER OVERLOAD ELECTRICAL CIRCUITS.

When you see a "No Smoking" sign — REMEMBER — it was put there for a purpose. Even when smoking is permitted — be extra careful — because every time you light a match or use your lighter — you hold in your hand — the spark that could burn you right out of your job.

KNOW the location of FIRE extinguishers in the area where you work. KNOW how they operate. KNOW the kind of FIRE for which each extinguisher is designed.

Many Goodyear Atomic employees are active in area Voluntary Fire Departments. Pictured above are members of the GAT Fire Department who devote many hours after work in Voluntary Fire Department activities. They do this in the hope that it will make their community a safer

place in which to live for their family and their neighbors. The *Clan* realizes that many more GAT employees are active in this type of community endeavor. Employees who are members of Voluntary Fire Departments are requested to notify the *Clan* Office (Ext. 2165).

**Practice Safety While Driving**

Most Goodyear Atomic workers get to and from the job by way of the car pool.

This is economical, cuts down driving, but do we always keep the safety factor in mind?

The safety of driving is pretty much up to the driver himself. He can't allow himself to become too absorbed in conversation with his passengers. He should not join them by gazing at billboards, highway markers, or be distracted in any other way by the car's passengers. It's a lot different than driving to work alone.

When it's your turn to slip behind the wheel, make up your mind to keep your mind on the driving. By so doing you have the right to expect the other driver to do the same.

**Every person who gets something out of the community has a civic obligation to give.**

**PROMOTIONS**

(Continued from Page 1)

Corporation May 4, 1953 as an assistant general foreman in the electrical maintenance department. He was promoted to general foreman August 1, 1954, and to supervisor July 16, 1956.

He is a graduate of Indiana Technical College with a BS degree in Electrical Engineering. He is a Navy veteran with the rank of Lieutenant. A part of his active Naval career was in the submarine service. During his Naval duty he received specialized electronic training at Bowden College and MIT.

Mr. and Mrs. (Ruth) Hartle are residents of Piketon where he is active in the Methodist Church. Mr. Hartle is President of the Methodist Men's Club, and a Past President of the Piketon Lions Club.

**Q. England**

England is a native West Virginian. He graduated from Man High School, Man, West Virginia and attended West Virginia University. He is a veteran of three years with the U. S. Air Force.

He started with Goodyear Atomic Corporation as an electrical maintenance mechanic May 24, 1954. He was promoted to foreman in the electrical maintenance department March 1, 1955, to assistant general foreman June 16, 1956, and to general foreman September 16, 1956.

England, his wife Ruth, and two daughters, Elizabeth Ann, 12, and Patricia Leigh, 7, are residents of Jackson where the family regularly attend the Methodist Church.

Robinson joined GAT as an electrical mechanic. He was promoted to foreman in the electrical maintenance department July 1, 1954.

He is a native of Chillicothe and a graduate of Chillicothe High School. He attended the Chillicothe Branch of Ohio University, majoring in Electrical Engineering.

Robinson is an active member of the Tabernacle Baptist Church, serving as the Church Moderator.

Mr. and Mrs. (Flossie) Robinson have one daughter Joyce Ann, age 12.

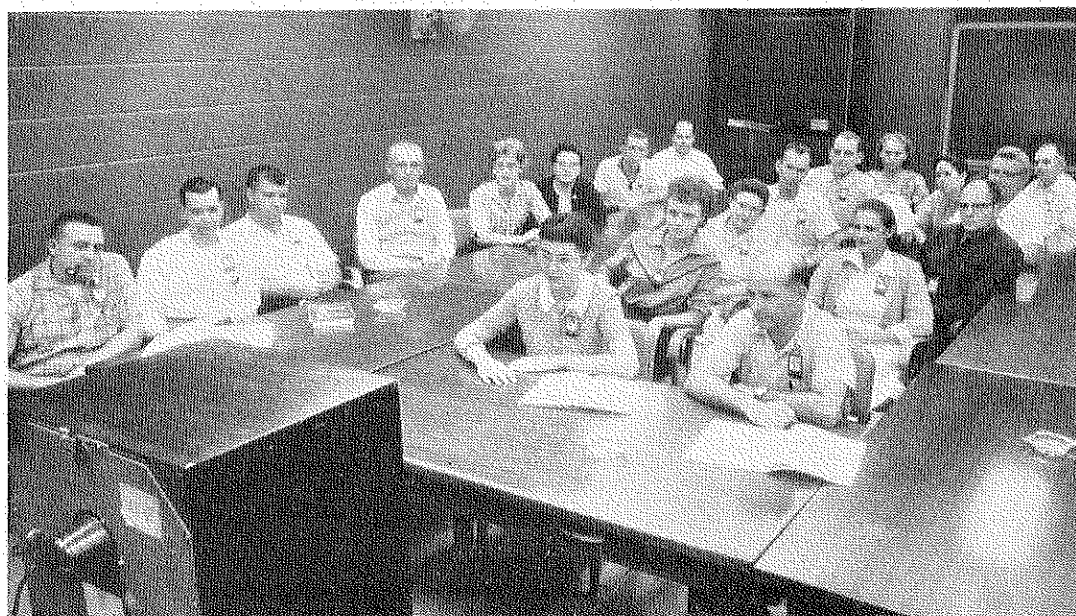

**October Is Science Youth Month**

This month is Science Youth Month. October is set aside to inspire and inform youths in our schools as to the opportunities, need, and qualifications of scientific and technological manpower.

Millions of youth in schools, science clubs, and science fairs throughout the nation provide the nucleus of National Science Youth Month emphasis on science activities.

Many organizations have joined with Science Service to organize this national emphasis on science youth power. The National Science Youth Program of Science Service, of which October National Science Youth Month is a part, is partially supported under a grant from the National Science Foundation.

Some of the organizations cooperating in National Science Youth Month are: American Association for the Advancement of Science; The American Institute of Biological Sciences; American Medical Association; Department of Defense; National Science Teachers Association; Oak Ridge Institute of Nuclear Studies; and the Armed Forces.

**CONVERSATIONAL RUSSIAN.** These employees meet each Monday, Wednesday, and Friday in the Supervisory Conference Room, at 7 a. m., and listen to Dr. Steele, Professor at Marshall College, teach a class in Conversational Russian. The class is presented over WHTN-TV, Channel 13, Huntington, West Virginia. The course began September 14, and continues for 15 weeks. Employees pictured at a typical class session are (from left): R. L. Spaeth, Materials Sampling & Testing; R. D. Jackson, Materials Sampling & Testing; C. S. Knauft, Process Engineering; R. M. Clibourn, Operations Analysis; Regina Arthur, Technical Re-

view; Carol Stubbs, Mail & Document Accounting; C. Walker, Chemical Analysis; and S. D. Puntureri, Operations Analysis. Center row: Connie McClure, Library & Records; Hazel Martin, Engineering Costs & Property Records; Mary Mills, Operations Analysis; E. T. Bartels, Mass Spectrometry; J. E. Hale, Chemical Operations; and Eloise Spencer, Accounts Payable. Right row front to back: J. E. Richey, Communications & Office Equipment; Edna Rouff, Medical Services; Harold Rouff, Process Engineering; R. A. Holthaus, Chemical Operations; Wanda Shugert, Uranium Control; and B. W. Shugert, Process Engineering.

## THE COMING ELECTION

Next month your vote will help to elect a President of the United States of America. Also, you will be voting for the men who will represent you in the next United States Congress. This campaign will not be accomplished without a good deal of campaign oratory . . . promises, criticism, attacks.

With no pretense of being political forecasters, crystal-ball gazers, or even experts, we would like to make a few comments.

**SOME POLITICAL CANDIDATES** are referring to themselves as "liberals", even while proposing measures that will take individual liberty away from private citizens and put control over their lives in the hands of government bureaucrats.

**THE INDUSTRIAL WORKER** will hear politicians talking about him as if he were a starved, exploited, overworked peon who was awaiting rescue by the political party whose candidate happens to be doing the talking.

**THIS SAME INDUSTRIAL WORKER MAY**—under the spell of the silver-tongued orator—forget that he owns a home and a car, is putting his son or daughter through college, and has savings, insurance, or pension prospects.

**POLITICIANS** will do a good deal of talking about the need to increase the "purchasing power" of employees. They will say that government spending and wage hikes beyond productivity gains, will not cause inflation, and a little inflation won't do much harm anyway.

**SOME CANDIDATES** and their supporters will talk as if "conservative" was a cuss word, mainly because conservatives believe, among other things, that if you're planning to leave your wife some insurance, you hope it will be worth at least thirty cents on the dollar.

**SOME CANDIDATES** will talk up the need for greater "fringe benefits"; they will forget that retirement pensions are a big part of fringe benefits but won't amount to a hill of beans if the same candidate's program for inflation is carried out.

**WHAT SHOULD YOU DO? VOTE!!!** Study the issues, THEN VOTE AS YOUR CONSCIENCE DICTATES. This year, what you do on Election Day, November 8, will affect your way of life.

## National Vehicle Safety-Check

Results of the 1960 National Vehicle Safety-Check program show an all-time low percentage of vehicles in unsafe operating condition. For the first time in the 13-year history of the annual campaign, only ONE out of every SIX cars and trucks going through local check lanes and dealer service departments was found to need immediate service attention to at least one of the ten items affecting safe driving conditions. For the last five years, ONE out of FIVE vehicles had been found with at least one unsafe item.

This improvement demonstrates a growing public awareness of the importance of maintaining vehicles in safe driving condition.

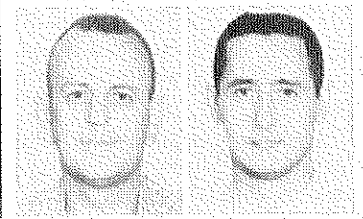

A new record high of more than 3.2 million vehicles were Safety-

Checked during the 1960 campaign which urged motorists to "Join the Circle of Safety — Check Your Car . . . Check Your Driving . . . Check Accidents." Another record was set with the 2,955 programs which were conducted in 1960 in cities and counties, military installations, by teen-age groups, and by industrial plants and government agencies for employees and Corporate or Government vehicles.

The Vehicle Safety-Check is sponsored by the Auto Industries Highway Safety Committee and LOOK Magazine, with cooperation of the Association of State and Provincial Safety Coordinators.

## Stone & Rhodes Slogan Winners

Two newcomers appeared as Safety Slogan Contest winners for October. H. N. Stone, instrument maintenance department, and R. L. Rhodes, standard practice department, submitted the winning slogans.

H. N. Stone R. L. Rhodes

Mr. Stone's slogan, "The Patent for Safety is Pending on You", will appear on the Plant Safety Slogan Board the first half of October.

The second winner, Mr. Rhodes, submitted this slogan, "You Can Afford Safety Regardless of the Price". His slogan will appear on the Safety Slogan Board the last half of October.

Seventy-five slogans were presented between August 21, through September 20, which were entered in the October contest.

Each employee will receive the customary \$10 cash award.

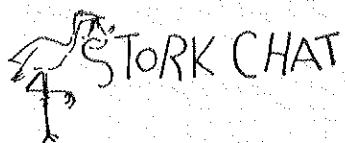

## Service Anniversaries

Employees receiving five-year service emblem awards during October are as follows:

D. J. Landstrom	10-3-60
J. E. Richards, Jr.	10-17-60
B. E. Carlton	10-24-60
A. L. McCracken	10-24-60
J. H. Bennett	10-28-60

The following employees recently returned from military service and received five-year service emblem awards on 9-13-60:

L. H. Brown	8-1-60
C. J. Slater	7-6-59

Mr. and Mrs. Brooks Wells, son, Barry Michael. Mrs. Wells (Imogene) is a former employee of the materials sampling and testing department.

Mr. and Mrs. L. C. Cleary, (materials sampling and testing department), daughter, Cheryl.

Mr. and Mrs. E. E. Dixon, (laboratory services), daughter, Patricia.

Mr. and Mrs. J. H. Giner, (process area 4), daughter, Cynthia.

Mr. and Mrs. J. A. Neal, (welding shop), daughter, Donna.

**A minister and a safety man have a lot in common: Many people agree that they are right but so few follow their advice.**

**SWISS SOUVENIR.** Regina Arthur (second from right), Technical Review Department proudly displays the Swiss Music Box she purchased while souvenir hunting in Lucerne, Switzerland. The Music Box plays six different tunes. Others in the picture, all members of the Information & Records Subdivision, are left to right: Lorena Spainhower, Ruth Deitchel, Jeanette Mains, and Shelba Phipps. Regina recently made a vacation tour of seven European countries.

## Banquet Of Champions Scheduled October 25 At Elks Country Club

Goodyear Atomic Corporation's Annual Banquet of Champions will be held Tuesday, October 25, at the Portsmouth Elks Country Club, beginning at 6:30 p. m.

The annual banquet brings together those employees who excelled on winning teams and activities, during the previous year, while participating in the employee activity program. Approximately one-hundred seventy-five employees will attend as guests of the Company, represented by the Operating Committee.

Winners in the various activities are as follows:

**BOWLING:** Janet Eckhart, Art Lewis, Norma Copen, Bob Adams, Winnie Chase, Harold Rouff, Jack Bruno, Bob McNish, Jim Simpkins, Ed Jordan, Luther Haas, Bill Justice, Henry Juhn, Wayne Pitts, Henry McClelland, Bill Levier, Dewey Wright, Bill Pearson, Maury Geneva, Leonard Wise, Dick Holthaus, Harley Cantwell, Emeroy Littleton, Earl Staten, Charlie Radliff, Sam Ray, Jim Fearing, Al Baughman, Mac McClure, Jim Pieper, Clark Robinson, Al Nelson, Clyde Holdren, Arlis Creech, Barbara Zoellner, Rhetha Massie, Doris Jean Walters, Pat Alard, Evelyn Watts, Ethel Holdren, Jean Bluebaum, Meredith Evans, Nelle Farmer, Martha Harbert, Ethel Noel, Jackie Shepherd, Carolyn Newman, Thelma Knapp, Ruth Mangus, Donna Bettasso, Phyllis Lallow, Una Kincaid, Eunice Fichthorn, Dolores Pickelheimer, Eileen Ward, Charlotte McGraw, Marilyn Monk, Don Jessee, Ernie Williams, G. McDaniel, T. Quinlan, O. Cunningham, R. Lee, W. Runyan, S. Taylor, H. Parmeter, J. Dearst, Jim Surack, Al Nelson, Dewey Vallandingham, Karl Chapman, Joe Weber, Ramey Hoskins, Allen Faris, Marvin Adkins, Ray Bush, Dave Goodland, Dave Goodman, George P. Kaut, Fred Bradford, Walter Miller, Robert Nance, Chuck Allen, Don Bradshaw, Charles Tallman, Edgar Bibbey, Paul Wooten, Charles Long, Ben Murnahan, Mike Stewart, Allen Jordan, Joe Webb, Clarence Hensley, Henry Howard, Harold Everett, H. Frey, R. Echar, C. Conley, E. Knapp, A. L. Porter, Roy Mullins, John Nelson, Bob Shoaf, Howard Galloway, Carl Walker, Paul Slaughter, Ora Tussey, Bob Moore, Orville Cutlip, Bill Harbert, Jack Harbert, Ralph Schultz, Bill Pinkerton, Roy Coldcott, Bob Alvis, Rex Sagraves, Paul Mills, Bob Kitchen, D. Faigley, F. Hornback, R. Felker, R. E. Higley, Frank Conkel, Don Jones, Dick Jones, Bob Schillinger, Burren Lamb, Roy Christopherson, I. Elkins, R. Troutman, M. Surret, D. Wickline,

R. Wimer, Joan Crawford, Lois Hewitt, Virginia Dirmeyer, Grace Traub, Marylee Page, Fran Brown, Lois Keyser, Jean Poor, Dorothy Doner, Blanche Derickson, Eva Smith, Mary Henderson, Joann Grow, Irene Bender, Juanita Paugh.

**GOLF:** Margaret McNaughton, Ray McNaughton, Virginia McDonald, Selby Neel, Anita Pflug, Dewey Wright, Helen White, Barbara Glenn, Linda Russell, Ann Hensley, Judy McGlothlin, Maxine Nichols, Janet Eckhart, Charles Campbell, C. O. Shoemaker, Barbara Bretz, Vince DeVito, Fred Cashman, Bim Walder, Paul Slaughter, Roy Gustavson, Bernard Bowers, Jim Bunton, Bill Plunkert, Bill Bloss, J. Blaine, G. Galloway, Dick Entler, Miles Bruno, Ed Alexinas, Fred Pickens, Gary Price, Jack Doyle, Elva Jennings, Bill Page, Joe Thoms, Bob Owens, Jim Jones, Paul Smith, Lou Bickett, Merle Oakley, Jim Camp.

**BASKETBALL:** John Vournazos, Don Gilmore, Hugh Burnette, Jim Oates, Earl Staten, Norb Vulgamore, Bill Bloss, Bob Barnes, Dick Schneider, Don Scott, Dick Spaeth, Dick Entler, Cliff Pelletier, Norm Christopher, John Boggs, Dick Sparks, Elmer Litteral, Jack Lang, Charlie Kinker, Connie Scott, Les Bradford, Bob Mays, Hony Armstrong, Bob Welch.

**SOFTBALL:** Gene Edens, Richard Sparks, Dave Connery, Larry Curtis, Gary Cormany, Carney Gabbert, Ed Strausbaugh, Paul Neff, Leo Woods, Richard Schneider, Watson Wickline, Gene Enz, Earl Bennett, Clyde Secrest, Howard Curtright, Elmer Litteral, Gordon Williams, Ed Kessinger, Bill Masters, Sonny Ross, Tom Taulbee, Jim Gedra, Ollie Vita, Lou Donini, Frank Caldwell, Burt Huddle, George Kaut.

**ARCHERY:** Bob Shepherd, Jim Surack, Bert Gossage, Carl Canfield, Art Kitchen.

**WINS SOFTBALL CHAMPIONSHIP SECOND STRAIGHT YEAR.** Pictured above are the 1960 Company Softball Champions. Front row from left are: Gene Enz, Dick Schneider, Dick Sparks, and Elmer Litteral. Center row left to right are: Clyde Secrest, Carney Gabbert, Earl Bennett, Ed Strausbaugh, and Larry Curtis. Standing from left are: Dave Connery, Manager Howard Cutright, Paul Neff, and Leo Woods. Absent when the picture was taken were Watson Wickline, Gene Edens, and Gary Cormany.

## GAT-CATS Win Company Softball Championship Second Consecutive Year

The GAT-CATS of the Waverly Softball League are Goodyear Atomic Softball Champions for the second straight year. The GAT-CATS are managed by Howard Cutright, security investigation department.

The Champions won four games in tournament competition defeating the Inspectors 12-1, "C" Shift 12-2, Has Beens 18-1, and "B" Shift 3-1.

Paul Neff, carpenter & paint shop, and Howard Cutright were the winning hurlers. Paul Neff won the championship game against "B" Shift allowing only 1 hit.

"B" Shift, managed by John

Boggs, fluorine generation department, advanced to the finals of the double elimination tournament by winning four consecutive games.

## GAT Foremen's Club Dance November 4

The GAT Foremen's Club has scheduled a dance at the Chillicothe Elks Club, Friday, November 4, from 9 p. m. until 1 a. m.

Co-chairmen, Ora Tussey and Henry McComb, report that 100 tickets are now on sale. Tickets are \$1 per couple and may be purchased from any of the Foremen's Club trustees.

Lou Martin's Orchestra from Portsmouth has been contracted to play for the dance. Corsages will be presented to the ladies at the door.

## Hartnett Heads Civic Forum

Ed Hartnett, training department, is the new President of the Portsmouth Civic Forum for the coming year. He moves into the new position from Corresponding Secretary.

For many years the Civic Forum has been active in promoting youth activities and community betterment projects. One of the major projects is the annual Scioto County Spelling Bee.

W. E. (Peg) Ellsesser, plant engineering, is a charter member of the Civic Forum and was President in 1947.

The man who is capable of recognizing a virtue in someone else has himself that self-same virtue to a marked degree.

## Second Year

## Entler Wins GAT Golf Championship

Dick Entler, laboratory services, successfully defended his right September 19, to be called Goodyear Atomic Corporation's Champion Golfer.

Eighty-four GAT golfers turned out for the last playday of the season at the Elks Country Club, Portsmouth.

An earlier round in the Championship and First Flights had been recorded at the JC Course in Chillicothe. Entler and Roy Gustavson, process engineering, each scored a 78. In the final round Entler shot a 75 and Gustavson scored a 78 to total 153 and 156 respectively. Tied for third place in the championship flight were Miles Bruno, materials sampling & testing department, and Ed Alexinas, purchasing department, with a 166.

The following were winners in the flight championships: Fred Pickens, employment department, first flight; Gary Price, process laboratory, second flight; Jack Doyle, decontamination, third flight; Elva Jennings, police department, fourth flight; Larry Curtis, chemical cleaning, fifth flight; and Dewey Wright, laundry, sixth flight.

The winners will receive championship trophies at the annual banquet of champions this month.

## Classifieds

All Wingfoot Clan ads must be typed or printed, and contain a "blind" address or telephone number to which initial contact can be made. The ad must be signed in ink and carry the employee's department number, badge number, and plant-site telephone number. This service is for employees who have items to buy, sell, or trade. No commercial ads can be accepted.

### FOR SALE

**Remington** 12-gauge model 11-48 automatic loading. 4 shot, 28" barrel. Modified. Like New. Will sell or trade. Telephone Minford SPruce 4-5698.

**Gas Range**, 4-burner, full-size oven, grill, rotisserie, electric timer. A-1 condition. Telephone Portsmouth ELMwood 3-7384.

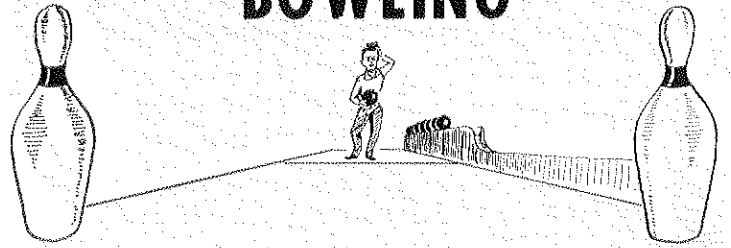

**Two used** 7.50x14 snow grip tires, tyre cord, white wall. Used less than 4,000 miles. Telephone Waverly 455-M.

**Gas Range**, 30" wide, with oven & timer. Very Good condition. General Electric Automatic Toaster. Girl's 26" Bicycle. Telephone Portsmouth ELMwood 4-1187.

**White Sewing Machine**, Fully automatic. Approximately 3 months old. \$100. Telephone Waverly 806.

**3-Bedroom House**. Full basement, natural gas heat, (hot water and cooking). Built-in stove and oven. Paneled living room and dining room. Two ceramic tile baths. Maple floors. Forrest Hills, Waverly. Telephone Waverly 329-J.

## BOWLING

The GAT Bowling Leagues are off to a good start. Several of the leagues have reported some unusual games for this early in the season. In the Jackson League Chuck Tabor quali-

fied for an ABC triplicate patch with identical scores of 203. Al Baughman rolled a remarkable 279 single missing a perfect game by failing to strike in one frame.

The triplicate score is the second highest recorded in the GAT Leagues. Al Nelson rolled 3 identical scores of 221 last year.

Other Leagues that have reported are as follows:

### PORTSMOUTH

*Men's Monday Night*—Al Wilamowski holds the season's high single game of 221.

*Men's Thursday Night*—C. Mullins holds the high single of 245 and Gene Mutter's 620 is tops for this league.

*Women's Tuesday Night*—Eileen Ward leads all bowlers with a 154 average. Her 201 single and 535 series are top marks.

*"A" Shift*—Earl Staten, rolling with the "Ball Busters" has the top average of 173.

### WAVERLY

*"B" Shift*—Art Kitchen leads in the singles with a 221. Bill Durbin has high series of 554.

*Women's League*—Winnie Chase has high average of 154. Helen Koons holds both high single and series with 205 and 527.

### CHILLICOTHE

High individual records in this league are Bernie Bowers with a high single of 235. Howard Owens has high series of 597.

## Basketball Leagues To Organize

Employee interest will determine the number of basketball leagues organized for the 1960-61 season. Leagues can be organized for play in Wakefield and Portsmouth.

Team captains should begin to organize their teams now. League entry blanks are available in the recreation office.

Information as to days, times, etc., will appear in a later *Clan* and on plant bulletin boards.

## Russell Wins Club Golf Championship

Glenn Russell, plant engineering, is the Portsmouth Elks Country Club Golf Handicap Champion for 1960.

Russell won the honor in a tournament which lasted for 6 weeks and included 64 Portsmouth area golfers. In the final round, September 18, Russell defeated Ray Mitchell 3 holes up with 2 holes to play to win the championship.

Russell was a member of the "Flukes" team in the GAT Portsmouth Elks League.

## First Bowling Event October 29 In Jackson

The Women's and Men's Bowling Committee have added a new tournament to the 1960-61 bowling program.

The tournament, a Men's Bowling Playday, will be held October 29, in Jackson and November 5, in Portsmouth, Waverly, and Chillicothe. Three games will be bowled and the total number of pins plus handicap will determine the winners. The winners will receive either a ham or a turkey. The number of turkeys and hams to be given away in each area will depend upon the number of persons participating from the area.

The fee in Jackson, Portsmouth, and Waverly will be \$1.35. The cost in Chillicothe will be \$1.20. A bowler may only bowl in one area. Employees desiring to participate in this rolloff must submit their name to the recreation office no later than Wednesday, October 26.

The rolloff for GAT women bowlers will be Saturday, December 3. More information on this rolloff will appear in the November 2, *Clan*.
