PORTSMOUTH AREA AEC PROJECT

AUGUST 7, 1953

NUMBER 2

HARD HAT SAVES YOUNG WORKER FROM INJURY BY FALLING LADDER

Gary Eubanks, PKS laborer, proudly displays the dented hard hat that saved him from possible fatal injury when a steel ladder fell on him while working on a process building.

Do you think it's important for employees to wear hard hats in designated areas throughout the project? If you'll ask Gary Eubanks, a 19-year old laborer from Backfork, Ohio, you will get a very emphatic YES.

Eubanks escaped what could very well have been a fatal accident recently when a steel ladder broke loose from its scaffold and crashed down on his head. Eubanks, who was wearing an aluminum alloy type hard hat sustained only a slight concussion and minor abrasions when the ladder struck him.

Medical attendants said the hard hat which was dented severely, saved the youth from serious or possibly even fatal injury.

Safety Chief J. F. Madura took the occasion to again stress the importance of wearing hard hats in designated areas. "No matter what length of time a person is going to be in a hard hat area it is imperative that all employees comply with safety regulations requiring wearing of protective hats", said Madura.

HANFORD EMPLOYEES PLAN OUTING AUG. 16

A large group of Portsmouth Area employees that were formerly employed on the Hanford, Washington AEC project have planned a "Richland Day Picnic" at Lake White on August 16th.

The outing, open to all former Hanford employees and their families, is scheduled to begin at 1:00 P. M. Recreational activity will include softball, swimming, horseshoes, and various games.

The committee on arrangements includes: Otis Armstrong of Grinnell, Ext. 234; Carl Wait of Giffels & Vallet, Ext. 152; Vetlee Caro of PKS, Ext. 95; Eric Arnold of Reynolds-Newbery, Ext. 156 and Florence Ortiz of AEC, Ext. 311.

Persons are asked to bring their own picnic lunch. Signs will be posted near the lake showing the location of the "Richland Day Picnic". For additional information contact any member of the arrangements committee.

FROM THE MOUTHS OF BABES

A fifth grade teacher in a Brooklyn school asked her pupils to write a sentence with the word diadem in it.

Sammy, a member of the school boy patrol, submitted this one. "People who drive fast diadem sight quicker than those who observe safety rules."

Don Kinker, of Portsmouth, lecturer in the Indoctrination Branch of the Employment Division, is shown above addressing new employees during session "A" of the project orientation program.

PKS ORIENTATION PROGRAM PLAYS IMPORTANT PART IN PROCESSING

Policy Revised On Announcements To All Employees

In a recent bulletin General Manager George C. Holling announced a revision in the distribution policy for announcements going to all employees on the project.

Effective July 2 announcements that had previously been distributed individually will be placed on bulletin boards throughout the project.

Employees are urged to watch the board in their area for announcements pertaining to such items as recreation activities, lunch periods, parking regulations, holidays and personnel appointments.

PICNICS ENJOYED BY SEVERAL GROUPS

Successful picnics were enjoyed by several groups during the past month with more on tap in the near future at the many convenient areas near the jobsite.

Reynolds-Newbery Operations held an outing on Saturday, July 11th at Lake Alma near Jackson.

Seventy-five employees and their families of the Heavy Equipment Welding Department enjoyed an all-day picnic at Lake Margaret on Sunday, July 26th. Foreman H. O. Gloyd, Jess Dedmon, Louie Bisher and Ted James served on the arrangements committee.

Over 175 employees of George Koch Sons' Co. spent Wednesday evening July 29th at the Pike County Game Reserve near Waverly.

Possibly the most important phase of each new employee's processing in becoming a working part of the Portsmouth AEC Project is the two-hour orientation program presented by the Indoctrination Branch of Peter Kiewit Sons' Co.

Every new person hired on the Pike County atomic job by Peter Kiewit Sons' Co. or its subcontractors passes through the informative course handled by experts in the orientation field.

Since the beginning of the project over 9,000 employees have passed through the orientation program in a never ending stream.

The program, under the supervision of Neal Eckberg, chief of the Indoctrination Branch of the Employment Division, is divided into four sessions lasting approximately 30 minutes.

Each session has a separate film supplementing the material presented by a staff of trained lecturers.

Included in the opening session are facts about the contracting companies, an overall description of the project, the importance of atomic energy and the security policy maintained on the job.

Section two deals with human relations and is augmented by the popular, 25-minute, "By Jupiter" film originated and used so successfully by the Marshall-Fields Company of Chicago.

Section three presents the project policies and the importance of the safety program and the final period covers the all important problem of highway safety and existing traffic conditions.

THE ATOMIZER OFFICE MOVED
"THE ATOMIZER" office has been moved to a permanent location in the Recreation Division office in the east-center wing of the Personnel Building. The telephone extension is 469.

KIEWIT AWARDS 8 SUBCONTRACTS

Eight subcontracts for materials in connection with the construction of the Atomic Energy Commission's project in Pike County have been awarded by Peter Kiewit Sons' Co., the prime contractors.

The largest of the subcontracts was awarded to Fairbanks Morse Co., Cincinnati, Ohio, for electric motors for a process facility. The subcontract was awarded on a lump-sum bid of \$3,554,350.

Other subcontracts were: To furnish supply and exhaust ducts, George Koch Sons, Inc., Evansville, Ind., \$391,198. To furnish control boards, General Electric Corporation, Portsmouth, O., \$316,909. To furnish control panel assemblies, Graybar Electric Co., Cincinnati, O., \$189,558. To furnish steel base plates, supports, and tie-rods, Joseph L. Ryerson & Sons, Inc., Cincinnati, O., \$116,717. To furnish a unit substation, Roller-Smith Corporation, Bethlehem, Pa., \$41,550. To furnish speed increasers, Universal Gear Corporation, Indianapolis, Ind., \$12,265. To furnish manual dampers, American Foundry & Furnace Co., Bloomington, Ill., \$10,406.

R-N ANNOUNCES PERSONNEL CHANGE

P. M. HUTCHINS

Three Reynolds-Newbery employees have figured in major changes during the past month. Two of the men, P. M. Hutchins and I. W. Li, have been transferred to Peter Kiewit Sons' Co., on a lend-lease basis.

Hutchins, former director of Reynolds-Newbery's Engineering and Procurement moved over with the prime contractor on the Portsmouth area project as an area superintendent. He was succeeded by Albert (Al) Sackett, former chief of R-N Planning and Scheduling.

Ignatius W. Li, until recently a member of the Reynolds-Newbery Engineering Department, has been transferred on loan to PKS as a resident engineer.

Hutchins and Li are both long-time employees of the Reynolds Electrical & Engineering Company.

PROJECT COLOR CODE EXPLAINED

Following is a listing of the color codes used on vehicles and hard hats throughout the project area.

Vehicle banner insignias: Red indicates Fire Department; Purple—Security; Green with white cross—Safety; Black—Material Handling; Yellow—Heavy Equipment; Brown—Building Division; White—Building Services; Yellow with red center—Reynolds-Newbery; Yellow with blue center—Grinnell Corp.; Yellow with black center—George Koch Sons'; Orange—lump sum—Engineers and Contractors.

Hard hat identification: Brilliant blue—Carpenters; Dark blue—Laborers; Light green—Ironworkers; Orange—Operating Engineers, Welders and Heavy Duty Mechanics; Maroon—Teamsters; Black—Boilermakers, Pipefitters, and Plumbers; Chrome Yellow—Electricians; Vermillion—Maintenance; Bronze—Painters; Gray—Cement Finishers; Brown—Brick Masons; Light Blue with S and M—Sheet-Metal Workers; Red and white circle—Civil Engineers.

CAR POOL SERVICE AVAILABLE

O. H. Folsom, director of Project Services Department has announced a new innovation now in effect that will be an added convenience to all project employees.

A car pool co-ordinator has been set up in the housing office in the west-center wing of the Personnel Building to keep a register of employees wanting rides or riders.

Persons desiring to use this service may do so by calling Extension 230 or visiting the housing office.

THINK SAFETY

Published monthly by Peter Kiewit Sons' Co., its subcontractors and affiliated companies for all employees and their dependents on the Portsmouth Area U. S. Atomic Energy Commission project. "THE ATOMIZER" is edited and printed as a function of the PKS Recreation Division, Luther F. Poling, chief.

HAVE YOU MOVED?

Those of us who have had the experience of moving (and who hasn't?) know how important it is to notify the Postmaster, the magazine publishers, and others to whom our correct address is essential. But how many of us remember to tell the boss when we have a change of address after coming on the job?

For your own benefit in case of emergency, and for other good reasons, it is important that your correct address and telephone number appear on company records. If you have changed your address since being hired on this project, won't you please get a Form No. G-40 from your supervisor, fill it in and return it to him? After correcting his records he will forward the form to Employment Division, where it will become a part of your own individual file.

E. R. Meggs, Director
 Employees Relations Dept.

ATTITUDE IS BASIC ELEMENT IN ANY GOOD SAFETY PROGRAM

When a safety program is to be established or improved, there is one basic element not always recognized as being of the greatest importance. That element is "Attitude".

This attitude has to be established at top levels of management and then instilled in all supervisory personnel before it can be taught to the working force.

The foreman who knows his men can use several methods to stimulate interest: These being (a) perception, or the ability to see and recognize a hazard and judge the chances of injury; (b) protection, or thinking of a way to remove the hazard or protect the operator from in-

jury, and (c) action, reporting the hazard and the idea for improvement to the supervisor.

If the supervisor can train his men to do these things, it will then be up to him to accept the ideas and act at once, or if he is convinced other steps are indicated, he should give each man a frank explanation of the reasons for his decision and encourage him to keep on working.

Attitude can be defined as a state of mind, and a man's mind develops as he thinks. Therefore, if a man thinks safety is both good for him personally and for his family, and that it is practical, he will realize it pays off in steady work and income.

PKS Safety Department

hazards. Begin now to be conscious of the acts of others which, if allowed to continue, will jeopardize life and property.

Since about 90% of the fires today are man made and largely due to carelessness, herein are a few suggested ways in which you can do your part in preventing and helping to prevent fires.

1. First of all, obey all "No Smoking" signs.
2. Do not discard cigarettes or matches until you are sure the cigarette has been snuffed out and the match broken in two.
3. Do not discard cigarettes, matches and smoking materials by throwing them into waste baskets.
4. Do not store any type of inflammable or combustible materials in buildings.
5. Do not let trash and rubbish accumulate.
6. Do not leave your office at quitting time until all electrical devices, such as fans, typewriters, accounting machines, heaters, hot plates, etc. have been switched off and the plug disconnected.

Lt. Robert McNish
 Fire Prevention Officer

Wednesday Bowling League Plans Picnic

The Wednesday night "Kiewit" Mixed Bowling League plans to hold a picnic at Pine Lodge in West Portsmouth on Sunday evening August 16 beginning at 5 P. M., it was announced by league secretary George Pressler.

League members wanting additional information should contact Pressler at Ext. 109 or Bob Garner at Ext. 271.

H. N. Miller (left) and Larry Ellison, two crack smallbore rifle-men employed by PKS on the Portsmouth Area project, are shown with part of the trophies and medals they have won in amateur rifle competition.

Project Sharpshooters Set For National Amateur Event

The 1953 National smallbore rifle championships at Camp Perry, Ohio August 20-26 will be the next goal for two sharpshooting Portsmouth Area AEC employees.

H. N. Miller, formerly of Denver, Colorado, now living at Eden Park and Larry Ellison of Jackson plan to enter the annual national amateur event in the senior and junior divisions.

Miller, a lieutenant in the USNR, began smallbore shooting in 1947 and since then has won 12 state titles in addition to several regional tournaments. Miller's latest triumph was the Anderson Indiana Regional held on July 25th.

Before taking up smallbore (22-caliber) shooting in 1941 Miller won several largebore (30-caliber) and pistol championships while serving with the Navy in the South Pacific from 1942-46.

Miller is employed as mechanical assistant to the General Superintendent of PKS Sub-Contracts Department.

Ellison, who competes in both junior and senior amateur divisions, is an 18 year old PKS carpenter's helper.

The Jackson youth, who has been shooting for only two years, placed fifth in the National Amateur junior-division in 1952 in addition to winning sectional and regional titles.

Living accommodations for approximately 300 jobsite workers were made available recently with the opening of Piketon Enterprise's new men's dormitory pictured above on state route No. 30 near the north boundary of the project. The two story structure, made of concrete block, is 325 feet long and has 100 rooms 12 by 16 feet. Owner-manager Jack Hatterick of Cincinnati said he also plans to build a restaurant adjacent to the dormitory in the near future.

FIRE PREVENTION

Editor's Note: This column will be a regular feature of timely tips on Fire Prevention and protecting your lives. Please watch for it and read it every issue.

Fire Prevention is something more than just posting "No Smoking" signs and placing fire extinguishers in buildings. One of the most important features of preventing fires is to stamp out carelessness or indifference to seemingly unimportant acts that create serious fire hazards. Office employees and those who work inside buildings must realize their responsibilities and act accordingly. You can "do your part and prevent fire" in many ways. Begin now to train yourself to be conscious of the small and seemingly indifferent acts which tend to create major fire

Applications Available For OSU Grid Ducats

A limited number of Ohio State University football ticket applications are on hand at the Recreation Division Office in the Personnel Building.

The applications will be distributed to project employees on a first-come first-serve basis. Five games are listed on the OSU home schedule for this fall. The Buckeyes open at home with Indiana on September 26 and meet Illinois on October 10, Northwestern on October 31, Michigan State on November 7 and Purdue on November 14.

Box seats are priced at \$4.50, reserved at \$3.50, and field and south bleachers sections at \$3.00 for all five home encounters.

"Gutter Rats" Cop Wednesday Mixed League

The "Gutter Rats" finished three full games ahead of the "Alley Burners" to cop first place in the "Kiewit" Wednesday Mixed Bowling League which completed its summer competition last week. Eight games back in third place were the "Alley Oops".

League Secretary George Pressler announced the loop would begin its fall competition on Sunday, September 13 at 6:30 P. M. at the Classic Lanes in Portsmouth. Anyone wanting to enter the league should contact Pressler at Ext. 109 or Bob Garner at Ext. 271.

Bob Gibbs of the "Strike Outs" received the league's award for the most improved bowler.

Kiewit Tied For Top Spot In Waverly Loop

After finishing fifth in the league's first half Peter Kiewit copped its first two games in the second round to hold down a three way tie for the first place with Weiss Recreation and the Waverly Engineers in the Waverly Independent Softball League.

PKS opened the loop's second half action with Ralph Johnson pitching a 9-0 no-hitter over the Business Men. In the second game Bert Barney's hurling some timely hitting gave the Contractors an 8-6 triumph over Doc's Vets, the first half winner.

Kiewit was to have played Omega on the Waverly diamond last night and will go against Vass Pontiac at 8:30 on Monday, August 10.

Standing left to right: Glenn Malone, Tom Wilson, Don Samsal, Pete Tennace, Eddie Baker and Harlan Welch. Kneeling: Bob McClarrinon, Bill Gilliam, Danny McDavid, and Harold Hedrick, Inset shows pitcher Kenny Harper.

Leading the field in the ten-team project softball league, with six wins and no losses, is the Heavy Construction entry shown above. With only three games remaining the leaders can cinch the title with a win over "A" Warehouse next Tuesday. Left to right kneeling: Alfred Smith, Tom Fraley, William Lowe, Ray Bauer and Paul McGraw. Left to right standing: "Buck" Johnson, Mgr. Prater Fultz, Don Williams, Ralph Johnson, Donald Plummer, Howard Wigget and Gene Myers. Absent when the picture was taken were Bill Newman, Ernie Rigrish and Ray Hill.

Golf Tourney Set At West Union

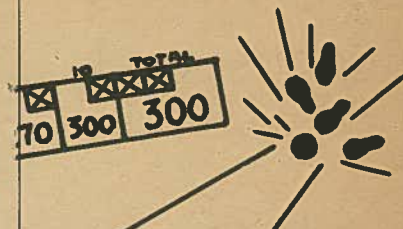

A Blind Bogey golf tournament open to all project employees has been set for the West Union Golf Course at West Union, Ohio on Saturday, August 15.

Employees desiring to enter

should contact the Recreation Division (Ext. 171) no later than August 13. Persons may enter for the \$1.50 green fee. The course is also open to project employees at all times for the green fee charge.

Pictured above are the victorious "Gutter Rats", winners of the "Kiewit" Wednesday Mixed Bowling League. Left to right standing are: Letha Roda, Ruth Tracey and Ed Roda. Seated are Jim Fordyce and Charley Tracey.

City Constructs Square Dance Area At Riverside Park

Square dances in Portsmouth, currently being sponsored jointly by the City Recreation Department and the PKS Recreation Division have been moved to a new hard-surfaced lighted area at Riverside Park.

The new area was built when a group of Portsmouth citizens submitted a petition against the weekly dances at Mound Park. For several weeks the dances were held in the basement of the Second Presbyterian Church while the new area was being constructed.

L. T. Henderson, director of recreation in Portsmouth and L. F. Poling, chief of the PKS Recreation Division announced the weekly dances would be held on Thursday night instead of Wednesday throughout the remainder of the summer and early fall.

FOR SALE—1949 Liberty House Trailer, Piketon Trailer Court. Contact *Jim Stephenson*, Contract Awards, Ext. 433.

FOR SALE—Modern two bedroom house, built-in cabinets, large lot. Across from Fairgrounds Trailer Court at Lucasville. Price—\$5,000. Contact *Marie Jones* at Fairgrounds Trailer Court.

FOR SALE—New three bedroom house in Coles Park with hardwood floors, oil force air heating unit, modern bath with shower, copper plumbing, lot 50x150. Priced right to sell. Phone Portsmouth 54072.

FOR SALE—One each two (2) and three (3) bedroom newly completed FHA homes on David Avenue in Jackson. Contact *Wm. Eisenagle*, Jackson 290-M.

LOST—32nd degree Masonic ring in Personnel Bldg. \$15.00 reward offered for return. Contact *Bill Olund*, Ext. 525.

LOST—Black Ronson cigarette lighter with orchid crest. Contact *Margie Terhar*, Ext. 42.

LOST—Sterling silver dogwood shaped ear ring. If found contact *P. B. X. Room*.

WANTED—4 riders from New Boston to jobsite. Travel Route No. 139 through Rubyville and Clarktown. Call *Mr. Coleman*, New Boston 385-W.

WANTED—Ride every Friday night to the Central Kentucky area (Lexington, Danville, etc.) Will share expenses. Contact *Bill Glasscock*, Ext. 293.

WANTED—Transportation between Beaver and project. Prefer travel as paying passenger. Contact *Donald E. Bell*, Ext. 317.

WANTED—Two passengers from Portsmouth to project. Leave Portsmouth 7:05 A. M. Leave project 5:30 P. M. Contact *J. Irby*, Ext. 340.

WANTED—2 riders from Sixth and Offnere Streets in Portsmouth. Contact *Mr. Shipley*, Ext. 580.

WANTED—Riders from Jackson to jobsite. 7:30—5:00 shift. Contact *Louise Murphy*, Ext. 242-R 3 or Jackson 766.

WANTED—Couple, no children, want 3 or 4 room furnished apartment. Preferably Portsmouth or Chillicothe. *Ed Lindstrom*, George Koch Sons, Ext. 567.

WANTED—4 or 5 room unfurnished apartment for couple. No children. Portsmouth only. Ext. 181, *F. M. Isaac*.

WANTED—Ride from Careys Run, West Side of Portsmouth. 7:00—4:30 shift. Contact *Norma Graham*, Ext. 219.

WANTED—4 riders for daily round trip to Portsmouth, 8:00—5:30 shift. Contact *R. L. Leatherwood*, Audit Dept. Ext. 134.

WANTED—3 or 4 riders from Portsmouth to jobsite on 7:00—4:30 shift. Leave Portsmouth at 6:00 A. M. Contact *Leonard Shaw*, Ext. 349-R 2.

WANTED—Apartment, 3 or 4 rooms with bath, furnished or unfurnished, in Portsmouth. Contact *Lucille Glanville*, Ext. 488.

FOR RENT—One room and kitchenette—large closet. Prefer 1 or 2 men on swing shift. Contact *Hunter*, 916 Gay Street, phone Portsmouth 5-1568.

One of the recreational areas easily accessible to employees of the Portsmouth AEC project is Lake White (pictured above) two miles from Waverly. The lake and surrounding area covers approximately 700 acres and is open to the public. Adequate facilities are provided for picnicing and swimming, although no life guards are on duty. The picture above, looking northeast across the lake, shows the boat house, swimming and parking area.

OHIO DIVISION OF PARKS OFFERS MANY RECREATIONAL AREAS CLOSE TO PROJECT SITE

The state of Ohio through its Division of Parks makes available many recreational areas to project employees which are within a short driving distance of the jobsite.

Embraced in a radius of 30 miles from the project are ten park areas maintained by the state which afford excellent recreational facilities to the public. Included in this group and their nearest accessible route are: Lake White, state route No. 551 near Waverly; Lake Pike,

state route No. 124 near Bainbridge; Rocky Fork Lake, state route No. 124 near Hillsboro; Tar Hollow, state route No. 327 near Laurelville; Lake Jackson, state route No. 279 near Oak Hill; Lake Alma, state route No. 349 near Wellston; Lake Roosevelt, state route No. 129 near Friendship; Lake Shawnee, state route No. 371 near Friendship; Adams Lake, state route No. 41 near West Union and the Scioto Trail Reserve between Waverly and Chillicothe on U.

S. Route No. 23.

All of the above areas provide toilet and picnicing facilities and all but Shawnee and Scioto Trail permit swimming. Fishing, permitted in all of the areas mentioned, and hiking rank high with the many people who use the facilities.

The Division of Parks urges everyone visiting any of the state areas to use extreme caution while swimming, help to prevent forest fires and obey all area regulations.

Mrs. Alanson Evans is shown above with five of her six children at their trailer home at Dawson Trailer City near the jobsite. Mrs. Evans has been instrumental in assisting in the organization of a Girl Scout troop at the trailer village. She was a former leader at Marion, Ohio before moving to Pike County. Mr. Evans is employed as a sheet metal worker with George Koch Sons' Co.

FOR SALE—35 foot 1949 "Prairie Schooner" house trailer. Call Waverly 1400 or see at Sun Valley Trailer Court-lot 29.

WANT—Rider from Portsmouth to jobsite on 8-5:30 shift. Leave Portsmouth 7 A. M. from 9th and Gay. Contact *J. E. Buckley*, Ext. 277.

WANTED—Person or persons to drive station wagon from San Francisco to Portsmouth. Contact *E. L. Jordan*, Ext. 570.

FOR SALE—1 1938 Flexible 24 passenger bus and 1 1941 Flexible 24 passenger bus, 1949 engines in both. Inquire at *Meeker's Garage*, Monroe, Ohio. Phone Monroe 7-7338 or Ext. 102.

WINTER BOWLING TO START SEPT. 8

Luther F. Poling, Recreation Division chief, has announced plans to form winter bowling leagues starting on Tuesday, September 8, in Portsmouth, Jackson, Chillicothe, and Waverly.

Units, departments and branches are asked to begin forming their teams and notify the Recreation Division by August 18.

At the present time space is available in Portsmouth on Friday, Saturday and Sunday nights, and in the other three locations on any night.

BIRTHS

Mr. and Mrs. Vernon Warnock announce the arrival of a seven pound 8¼ ounce son, Vernon C. Warnock III, on July 3. The Warnocks live in Portsmouth. Mr. Warnock is on the Guard Force.

Mr. and Mrs. Warren J. Miller announced the birth of a daughter weighing seven pounds at Chillicothe on July 23. Mr. Warren is employed with Grinnell Corp.

Mr. and Mrs. Irvin Clark announce the arrival of a son named Douglas Edwin on June 27 at the Glover Clinic in Madison, W. Va. Mr. Clark is employed in the PKS Requisition Division of the Procurement Department.

MARRIAGES

Allara McGuire and Richard D. Rapp were married at Beaver, Ohio, Saturday, July 25, 1953. The couple is residing in Beaver. Mr. Rapp is employed in the Construction Engineering Division of Grinnell Corporation.

Charles Keaton and John M. Rowe were married in Rubyville, Ohio on July 25, 1953. Mr. Rowe is employed in the Construction Engineering Division of Grinnell Corporation.

Walter H. Tucker and Nancy Gammill of Wartrace, Tennessee were married June 20 at 3:00 P. M. in Wartrace, Tennessee. Mr. Tucker is principal engineer for Grinnell Mechanical Scheduling. Mr. Tucker formerly worked at Paducah. They are residing at 1741 Sixth Street, Portsmouth, Ohio.

Jean Baber and Gerald Humphrey were married on June 23 in Portsmouth. Mrs. Humphrey is employed in the PKS Expediting Division. The couple is residing at 1235 Gallia St. in Portsmouth.

THEATER, DANCE GROUPS TO FORM

Plans are under way to organize a "Little Theater" group among project employees in the near future. Persons interested in assisting with the forming of this group are urged to contact the Recreation Division or Dolores Fisher at Ext. 218.

The Recreation Division along with O. J. Allen (Ext. 576) is also planning to organize a square dance band as soon as possible. Employees and their dependents who are interested should contact the Recreation Division or Mr. Allen.
