## WHO'S WHO IN MANAGEMENT

JOY P. WILKINS is a scientific programmer, sr., D-542. She supervises three other scientific programmers and is responsible for independent research to improve and extend programming techniques. She collaborates with members of her own and other divisions to design and code computer programs, and to execute the necessary steps to insure correct computer output. She reports to G. J. WILLIAMS, superintendent of Computing Systems and Procedures.

Mrs. Wilkins graduated from Chillicothe High School and has a B.S. degree in Mathematics and an M.S. degree in Industrial and Systems Engineering, both from Ohio U. She is the first woman to receive her degrees through GAT's Educational Assistance Program, and to receive a master's degree in Engineering at Ohio University. She was first employed by GAT in the summer of 1954 as a typist, returned in 1956 as a lab analyst. In between, she was employed as a model in Columbus. She was promoted to scientific programmer in 1965 and to her present position in 1970.

Joy and her husband, Samuel, live on Route 2 at Lake White. She has two stepchildren, S. John, III (20), a student at Ohio University at Athens, and Leslee (18), a student at Ohio U. Chillicothe Campus. They attend the First Presbyterian Church in Waverly. The Wilkins own and operate "Pirate's Cove" (camping complex). Joy's leisure time interests include collecting pirate antiques, traveling, and gourmet cooking.
