EMPLOYMENT: Salary - 1527
Hourly - 1549

January 24, 1980

SIGN UP TO GIVE BLOOD! The American Red Cross Bloodmobile will be on plantsite January 28-29-30. Pre-registration now is under way for Goodyear Atomic employees who will donate blood during this winter's Bloodmobile visit. Call Public Communications at Ext. 2863 if you haven't registered.

CAR POOL NOTICES are becoming more commonplace in the Goodyear Atomic "Advertiser" -- the weekly bulletin board classified advertisement service of the Public Communications department. If you need another rider or are interested in joining or forming a car pool, use the "Advertiser" to communicate with other employees.

GOODER 'N GOLD. American Express says if you bought \$100 of crude oil on Jan. 1, 1970, it would be worth \$1,411 today -- that's better than gold's performance over the decade. (From The Wall Street Journal)

THE GOODYEAR WORLDWIDE SPIRIT AWARD WINNER for 1979 is Joseph Kraus, quality control manager at Goodyear's tire plant in Colmar-Berg, Luxembourg. Kraus received the award during an employee Christmas program in Goodyear Hall, Akron. Kraus has worked at the Luxembourg plant since it opened in 1951. James Floto, development coordinator in Akron's ASPICS group, was the Research and Development Divisional Spirit Award winner.

LET'S GET RID OF "THE GIRL." Wouldn't 1980 be a great year to take one giant step forward for womankind and get rid of "the girl"? Your attorney says, "If I'm not here just leave it with the girl." The purchasing agent says, "Drop off your bid with the girl." A manager says, "My girl will get back to your girl." What girl? Do they mean Miss Rose? Do they mean Ms. Torres? Do they mean Mrs. McCullough? Do they mean Joy Jackson? "The girl" is certainly a woman when she's out of her teens. Like you, she has a name. Use it. (From The Wall Street Journal)

A REGULAR QUARTERLY DIVIDEND of 32.5 cents a share, payable March 15 to shareholders of record February 15, has been declared by Goodyear directors. The payout represents an annual dividend rate of \$1.30.

THE SCIENCE DEMONSTRATION PROGRAM offered as a free community service by Goodyear Atomic has been presented 264 times to 28,292 students in the past 16 years. The program is offered to help educators create and stimulate young people's interest in scientific fields.

INPUT TO THE MANAGEMENT NEWSLETTER is required to insure that the publication provides an essential service to its readers. If you have, or are aware of, news which concerns Goodyear Atomic, GT&R or DOE people or events, energy information or any item of interest to Newsletter readers, please inform Public Communications, D-021, X-100.

WILLIAM L. NEWKIRK has been named vice president of public relations for Goodyear. He had been corporate director of public relations for the past year.

GEORGE W. BENEDICT is the new deputy director of the Engineering Division of the Department of Energy's Oak Ridge Operations office. Prior to his present position, Benedict served as assistant chief of the Engineering Analysis Branch and chief of the Laboratory Projects Branch.

MICKEY M. MOORE AND PATRICIA H. SMITH have been named manager and assistant manager, respectively, of the Federal Women's Program serving Department of Energy offices in Oak Ridge. Ms. Moore is with the Technical Services Branch of DOE's Technical Information Center (TIC) and Ms. Smith is a member of the Safeguards and Security Division at Oak Ridge.

GAT NAMES AND FACES IN THE NEWS

A. L. Williamson

B. J. Rumble

Nate Hurt

R. W. Brown

J. P. Hopper

ALLEN L. WILLIAMSON has been elected vice president of the Pike County Chamber of Commerce.

BONNIE J. RUMBLE presented two seminars at Taylor University in November. A luncheon seminar was entitled "Women's Careers in Science and Engineering" and a physics seminar was entitled "The Nuclear Fuel Cycle."

NATE HURT represented Goodyear Atomic at Ohio University on January 12 in a panel discussion "Energy/Environment: World in Hostage." W. D. NETZER accompanied Hurt as technical advisor.

ROY W. BROWN spoke January 15 to area business representatives attending the Wage & Salary Survey Participants' Luncheon on plantsite. He explained the gaseous diffusion process and its role in the nuclear industry.

NATE HURT spoke January 16 to the Industrial Management Club of York County, Pennsylvania. The topic of his speech was "Management is Fun(ny)."

JAMES P. HOPPER recently completed requirements for a master's degree in chemical engineering. Hopper was transferred to Oak Ridge in 1977 and completed courses through the University of Tennessee.

SCIENCE DEMONSTRATIONS

James R. Armstrong (D-551) and Charles F. Trivisonno (D-552) presented science demonstrations at Vinton County High School, McArthur, on January 3. A total of 68 students attended two sessions.
